Career Profile						
<p>He has four years of teaching experience in core areas of interest like macro economics, econometrics and mathematical economics. Prior to joining University of Delhi, he worked as a research academic at the prestigious Indian School of Business, Hyderabad. He was a member of the founding team of the Climate Policy Initiative's India branch who work for the energy & environment related policy research. He has research experience in diverse fields of economics with focus on sectors such as energy, climate change and development economics. He also has publications in international peer-reviewed journals to his credit. Prominent among them is the paper "Renewable Deployment in India: Financing Costs and Implications for Policy" published in Elsevier's Energy Policy Journal. He was research intern at the National Productivity Council India Headquarter.</p>
