PLACEMENT CELL (CDC)

The college has a placement cell to help fulfil the students' aspirations. The cell maintains a computerized database of companies that recruit management and IT graduates and ensures that students get placements commensurate with their abilities and aspirations.

Final Placements

The fact that CBS doesn't believe in a one-size-fits-all policy is evident in its placement process, where companies from as many as fifteen sectors, including consulting, insurance, knowledge services, real estate, media, investment banking, PR, IT, shipping, and financial services recruit students who are offered a diverse mix of profiles that included strategic consulting associate, business analyst, equity and other research oriented positions.

The 2014-15 placements season saw 158 offers that were made to 214 students from 61 companies, wherein the highest package stood at Rs 10 lakhs p.a. offered by DE Shaw while the average package stood at Rs 5.5 lakhs p.a. The profiles offered constituted those of strategic consulting associate, business analyst, equity and research oriented positions. Our recruiters included Nomura, UBS Verity, McKinsey, DE Shaw, Bain & Co., CBRE, Ernst & Young, Baring PE, Akosha, Zomato, McGladrey, KPMG and The Smart Cube. UBS Verity and Bain & Co. were amongst our largest recruiters with 13 and 8 offers respectively, whereas Bain & Co. and DE Shaw offered the highest packages.

The current placement (2015-16) season started in September 2015 and there have been 153 offers so far from coveted recruiters like Bain Capability Centre, HCL, McKinsey Knowledge Center, Nomura, Verity, KPMG, CBRE, The Smart Cube, i3C, Nearbuy etc. The highest package has been in excess of 12 lakhs p.a. offered by Reckitt Benckiser and the average so far stands at ₹ 6.2 lakhs p.a. Though we are still awaiting the final numbers, CBS is on the verge of reaching record breaking offers yet again.

Summer Internships

The college has summer internships as part of the course curriculum, providing corporate exposure and learning and helping to enrich the theoretical classroom learning of the students.

Summer internships were undertaken at leading companies like Alamac, B9 Beverages, Inshorts, M&C Saatchi, Nearbuy, Sberbank, Teach for India, Willis Towers Watson and others.

In 2015-16, companies such as Knight Frank, Sutra, Sharekhan came to the college campus for recruiting interns.

The efforts of the placement officer, Ms. Manika Kaushik are highly appreciated.

(List of CDC members is enclosed in Annexure-6)

Value-added Courses

In addition to the curriculum, the college has taken initiative for enhancing the skills of the students. Numerous talks, lectures and interactions have been organized in various guises to help the students develop a better understanding of the business world and entrepreneurship related concepts. The resource persons for these special lectures have been drawn from various professional/business institutions to help hone the skills of the students.

ALUMNI

Our Alumni are an important part of the SSCBS family. They are our brand ambassadors, our alter ego, our connect with the corporate world and a reflection on SSCBS as an institution.

It is with, perhaps, a bit of justifiable pride that we look at our alumni and feel a sense of satisfaction and accomplishment when we look at the amazing levels of success that they have achieved after leaving the college.

Their success is not only visible in the corporate and/or academic spheres, but in the visibility of the country as a whole.

In order to connect better with our alumni and to foster their continued association with the college; the college regularly conducts alumni meets.

However, this year, we played host to a special alumni meet. The Silver Jubilee of the second batch of the college (1988-1991) was celebrated with a get together of alumni, students and staff arranged at the college premises.

Alumni Meet: Silver Jubilee – Batch of 1991 (BBS)

In the summer of 1991, CBS bade farewell to its first batch of students, starting out a succession of students who would go on to achieve great heights in their chosen professions.

The teachers and the administrative staff honoured the alumni who were in the college during their period, bringing for them mementoes that reflected upon the love and admiration that the faculty had in their hearts.

Lunch, photography sessions and lot of happy interactions marked the event for both the alumni and the teachers.

Three teachers from SSCBS and two research scholars from the Deptt. of Geography, University of Delhi also accompanied the first-year students. The river presented a case of apathy and ignorance that prevailed in Delhi with respect to conservation and protection of natural resources. By analysing the level of pollution that the river had, they learnt that the water in the river was unfit for even washing and bathing, let alone drinking.

The students collected a few samples from the place so as to further analyse it. A project on the topic was also submitted by each student to summarise what they had learnt. The project covered areas like: water pollution, river bed erosion, lack of empathy for nature-etc.

Phi Beta Kappa – Literary Society

When in the course of human events, it becomes necessary for one people to discuss the mutual bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to hold regular discourse.

We hold these truths to be self-evident, that all students have the right to question and discuss with each other, that they are endowed by the College with certain unalienable Rights, that among these are Discourse, Writing and the pursuit of Intellectual Stimulation.— That to secure these rights, Societies are instituted among Men, deriving their just powers from the consent of the members,— That whenever any Society becomes unfulfilling of these ends, it is the Right of the People to alter or to abolish it, and to institute new Societies, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Intelligence and Happiness. Prudence, indeed, will dictate that Societies long established should not be changed for light and transient causes; and accordingly all experience has shown, that college students are more disposed to mediocrity, while evils are sufferable, than to right themselves by changing the forms to which they are accustomed. But when a long

train of mediocre discussions and inorganic literature passes, pursuing invariably the same Object evinces a design to reduce them under absolution of work, it is their right, it is their duty, to change such Society, and to provide new means for their future intellectual stimulation.

After taking into consideration all of the above, the Phi Beta Kappa Fraternity was formed. We are a small, dedicated group with the goal of presenting the adventure of the pursuit of knowledge to students through the media of literary discussions.

The efforts of the college and the coordinators in setting this society up are highly appreciated.

Faculty Coordinators: Dr. Rishi Rajan Sahay and Mr. Tushar Marwaha

(List of achievements and student team members is enclosed in Annexure 30).

Synergy – The Corporate Events Society

Society teamed with the industry's best trainers, mentors, entrepreneurs and professionals. Using the insurgence, chaos, uncertainty and spontaneity of war as the backdrop, these experts guided participants through tasks on all aspects of business during our main event, The Tempest.

Synergy has always emphasised on quality corporate exposure for its members and the students who participate in the activities we conduct, a trend which has continued this year as well.

Synergy has organised the following events:

1. Seminars:

A) In association with the Mumbai International School of Business, Bocconi, the first offshore brand of SDA Bocconi, Italy (one of the 30 best B-schools in the world), we conducted seminars across Delhi for college students on CAT exam preparation.

B) A seminar on Soft Skills, CV Building & Acing GDs/ PIs to apply at B-Schools or jobs was also conducted in the college. It covered the processes people use to control the perceptions or impressions about themselves. The speaker for the session was Dr Seema Khanvilkar, a Ph.D. in Management in the area of Communication and has been teaching the mechanics of the language for the last 18 years.

C) In association with the Delhi School of Business, a seminar was conducted on conducting a seminar on 'Career Prospects and Acing GDs and PIs for jobs and B-schools'. The speaker for the session is Dr Indira Bhardwaj, an academician, with more than 17 years of teaching experience in consultancy firms and top-notch B-schools like the IIMs.

2. The Tempest: The society organised the annual corporate event, The Tempest. Inspired from the similarities between wars and business, the tasks, mentored by experts, aimed at inculcating the sense of urgency in decision-making during wars, emphasised the importance of recruitment and personnel management, and, offence and defence strategies that companies can adopt to save themselves from hostile takeovers. The objective of the event was to train the participants and test their skills in the various fields that are a part of every business.

The efforts of the coordinators are highly appreciated.

Verve – The Street Play Society

Verve, the street play society, is a group of enthusiastic, energetic and informed youth who have got together to pitch in with their efforts to bring about a transformation of the ailing society of today with street plays or 'nukkad natak' as the medium to communicate with the masses, as it offers an opportunity to break away from preaching and instead presenting ideas in a satirical, humorous and a hard hitting manner.

Their annual production "The Black Box" based on the issue of censorship of art, received many awards and accolades. It received third prize in the fest of SGND Khalsa, second prize in the fest of Motilal College, and first prize in the fest of Satyawati College.

Every year, Verve organizes its annual event, Manthan with an aim of spreading the magic of street theatre to a larger audience. This year, Manthan'16 was conducted in *36 cities across India* with street play performances by *100 teams* and *2000 participants* at locations like prominent markets, malls, schools, NGOs and monuments. This edition of Manthan saw *nationwide media coverage* in national dailies like Punjab Kesari and across many other regional newspapers and television channels. Manthan took its *international footsteps* with a performance being conducted in *Kathmandu, Nepal* and *Tomsk, Russia*.

YUVA – The Entrepreneurship Cell

2015 has been a year of new highs for YUVA. From curating workshops to participating in reputed events, Yuva has been in and out of a number of activities.

Activities:

- **YYE:**

The year started with the launch of Yuva Young Entrepreneurs (YYE), a five week long workshop on various aspects of entrepreneurship. The workshop covered the knowledge as well as the practical part of starting a venture right from idea generation to raising the first round of funding. Students got an opportunity to interact with industry experts who themselves had faced challenges in their journey of starting their own business and now are running successful startups like Economy Decoded, Bitgiving, Sarthy, Lenro etc.

- **Partnership With TiE:**

Team Yuva partnered with TiE- Delhi NCR to get firsthand experience of conducting a national level conference, TieCon'15, which is one of the Asia's largest entrepreneurial conferences. It was an enriching experience where all of us learned not only to work together as a team but also the intricacies of event management and marketing. The partnership with TiE has helped us gain access to their various conferences on wide ranging topics like scaling startup to hiring the right talent

which proved to be an altogether different experience for us. Yuva team scored passes worth 1.5 Lac through the same.

- **Pilot Project:**

We got an opportunity to partner with Loanzguru to help priority sector of the society, specifically farmers to gain access to legitimate lenders at minimal interest rates.

- **Sarthy WePlan:**

Yuva Co-organised Sarthy WePlan and was one of the 5 shortlisted e-cells throughout Delhi NCR. An internship fair too was conducted as a part of the activity for college students, which saw many students get a taste of startup culture through internships.

Partnerships:

- **TiE:** Event and mentorship partner.
- **AdvantEdge:** One of the very few E-Cells to tie up with an active investment firm as a VC partner. Any of our B-Plans are always up for evaluation through their expertise.

Start-ups:

Furthering the spirit of entrepreneurship, members of Team Yuva launched following new startups in 2015:

- **Pollin:** By Hargur Singh
A venture dedicated to digitalize market research and analysis.
- **BLT:** By Durgesh Rawat, Akhil, Alankrita Mitra, Ankit Saini, Ayush Mohanty
BLT deals in providing educational trips to students. Eduventure, as we call it, enables the participants to realise the startup culture. Also we will soon come up with a magazine.
- **Notebookd.com:** By Mayank Manchanda
An online platform to provide college notes and make studying easier.
- **Surpy:** By Ankit Saini
An offbeat micro event management start-up already catering to a number of clients.

Apart from the ventures mentioned above, we have other B-Plans in pipeline.
