Summary:

Ms. Suman talked about how she was a housewife and wanted to gain financial independence which provoked her to start making paintings. Her paintings were sold at Central cottage emporium and many other places. She learned and tried different types of painting like mandala etc. She has been honoured with many awards in her eventful career like President's National Award for Master Craftsperson in 2011, State Awards in both 2009 and 2010. With all the exceptional skills she possesses, she is an environmentalist who prefers to use environment-friendly materials like Vegetable Dyes, Jute, Terracotta Clay, and many more. We got to know about how to approach real-life problems and how to work and ideate on the same. We witness how her unmatched aesthetic sense and unconventional business approach led to graduating her from being an artist to a successful entrepreneur in a very short span of time.
