Activity Summary

BRIEF BIO OF SPEAKER

Speaker Name: Mr. Arjun Panchal

Arjun Panchal is an entrepreneur, professor, author and public speaker. He is a start-up mentor at SIBM, Pune, IIT Bombay and Innovation Cell, Ministry of Education. He has mentored 500+ entrepreneurs and assessed 2500+ B Plans in the span of the last 5 years.

OBJECTIVE OF THE EVENT

The session focused on three main phases of design thinking: Empathy, Ideation and Prototyping. The speaker highlighted the importance of understanding the problem that user faces and empathizing with them.

Topics covered by Mr. Arjun Panchal in the session:

- 5 elements of Design Thinking
- Design Thinking Process
- Problem identification techniques/tools
- Empathy map template
- Customer journey map
- Need of social media
- Ideation techniques/tools
- Prototype techniques/tools

KEY OUTCOMES OF THE EVENT

Mr. Arjun Panchal is a versatile speaker and that's quite evident from his ability to keep the group engaged throughout the workshop. The session covered how design thinking is used to make decisions based on what customers really want instead of relying only on historical data or making risky bets based on instinct instead of evidence. He focused on how design thinking brings together what is desirable from a human point of view with what is technologically feasible and economically viable. Overall, it was an informative and impactful session for the participants who intend to take their first step towards innovation.
