Message from the Vice Principal / Officiating Principal

At Shaheed Sukhdev College of Business Studies, we aim at achieving excellence in learning and are dedicated to broadening the horizons of knowledge and setting new benchmarks of achievement. We are committed to developing the managerial and technological outlook of students, providing them opportunities to hone new skills, as well as improve the already existing ones. Our vision is to create and nurture socially conscious, ethical, driven, and committed leaders who not only excel in the dynamic business and corporate world but also have the entrepreneurial spirit of executing their own ideas and dreams.

We believe that infrastructure should not be a barrier to the growth of our students. Thus, the college boasts of facilities like fully air-conditioned classrooms, a two-floor library, underground parking, audio-visual halls, seminar rooms, a two-storied auditorium, and accompanying hostels. The new state of the art building is powered by solar panels and provides for rainwater harvesting.

Our college is student driven with more than 30 diverse societies, cells, and chapters. We aim to instill leadership, cooperation, and responsibility in our students, as well as give them ample opportunities to skill up through live projects, knowledge sharing sessions, speaker sessions, internships, and international competitions. For true holistic development of individuals, the various cultural societies give them a platform to pursue their hobbies and passions. A glimpse into social work and social entrepreneurship is also provided through many societies set up for the exact purpose.

Above all, SSCBS envisions creating an alma mater that the students can call home, an anchor to keep them grounded, and a lighthouse that will always guide them if they ever get lost.

All the best!

Sameer Anand
Vice Principal / Officiating Principal

About the College

Shaheed Sukhdev College of Business Studies (SSCBS) is one of the premier institutions of the University of Delhi, imparting path-breaking education in the fields of Management and Information Technology. It was established in August 1987 by the Government of the National Capital Territory of Delhi (GNCTD) on the initiation of University Grants Commission (UGC) and the Ministry of Human Resources and Development, Government of India (MHRD).

At present, the college offers three full-time graduate programs under its three departments - Departments of Management Studies (DMS) and Department of Computer Science (DCS) leading to the award of Bachelor of Management Studies, Bachelor of Business Administration (Financial Investment Analysis) and B.Sc. (H) Computer Science.

The college also offers a post graduate diploma course in Cyber Security and Law. In the forthcoming academic year 2022-23, the college is hoping to offer B.Sc. (H) Operational Research. The college emphasizes an interactive mode of education, supported with innovative teaching methodologies. It is designed to stimulate inquiring minds and provide significant exposure to the realities of business processes and challenges. Industry interaction is achieved through guest lectures, industrial tours, industry-based project work, live projects, internships and summer training. The strength of the college lies in its highly qualified faculty having industrial experience, dynamic students, supportive non-teaching staff, illustrious alumni and a supportive and encouraging governing body.

The high standards of excellence give CBS the phenomenal and undeniable edge we are recognized for. These standards are endlessly pushed beyond the horizon. This lays down the foundation of our biggest asset: Unrest. At CBS, we are never content. The inverse correlation between our satisfaction and our progress is an acknowledged and appointed theory at CBS. This is the CBS difference.

What sets CBS apart from other colleges is our recognition that every student is different. At CBS, we strive to identify and maintain that 'difference'. We constantly endeavor to create opportunities for skill development in different areas of interest, and to cater to the diverse needs of the students. The fact that CBS doesn't believe in a one-size-fits-all policy is evident in its placement process, where companies from as many as fifteen sectors, including consulting, insurance, knowledge services, real estate, media, investment banking, PR, IT, shipping, and financial services recruited students.

The curriculum and the college atmosphere promote inquisition, innovation, leadership and team-spirit. Apart from possessing a clear understanding of the fundamentals of management as well as a considerable degree of corporate exposure, our students are resourceful, versatile and enthusiastic. It is this marked difference that has helped the college set new benchmarks with every placement season.

Vision, Mission and Objectives

Vision

Bachelor of Management Studies (BMS) is a three-year under-graduate programme imparting education in management. The course was originally known as Bachelor of Business Studies (BBS), when it was first introduced by University of Delhi in 1987. The course allows students to obtain the knowledge and skills needed to assume management positions in a wide range of organizations. Students are also motivated to go for summer internships to gain practical insight from industry which makes their course content more meaningful.

Bachelor of Science (H) Computer Science

Head of the Department: Dr. Kavita Rastogi

The computer science department at Shahood Sukhdev college of Business Studies has the objective of imparting quality education in the field of Computer Science. With the rapidly evolving technology and the continuous need for innovation, the college offers modern facilities for teaching, learning and research. The B.Sc. (H) Computer Science programme is designed to develop analytical & computational thinking, and problem-solving skills. The programme provides rigorous foundations of the concepts of Computer Science and its applications.

Bachelor of Business Administration (Financial Investment Analysis) BBA(FIA)

Head of the Department: Dr. Nidhi Kesari (till Nov 2021) Ms. Paridhi (From Nov 2021 to Feb 2022) Dr. Anuja Mathur (Feb 2022 onwards)

Bachelor of Business Administration (Financial Investment Analysis) is a core finance course, exposes you to all important concepts from Financial management to derivatives, from statistics to economics which are the basis for going forward and making a career in this field. The program is focused to create financial expertise to contribute to emerging India. This program is a true value addition in professional education in the field of finance at an early stage of under graduation.

Post Graduate Diploma in Cyber Security and Law (PGDCSL)

Program Coordinator: Dr. Ajay Jaiswal (Till March 2022) Dr. Anamika Gupta (from March 2022 onwards)

Post Graduate Diploma in Cyber Security and Law (PGDCSL) program is an advanced Penetration Testing & Information Security Training Engineering Program: The course provides an intensive training which will empower an individual with practical knowledge in a simplified and easily graspable manner. In the course, students will learn how hackers break into the systems, network, mobiles and website so as to make them aware of the possible loopholes and therefore, making them proficient in reverse-penetration.

Student Enrollment

This year the admission process to BMS and BBA (FIA) Programs was completely contactless and was conducted online. The eligibility for admission to the Programs was an aggregate of 60% or more marks in the qualifying examination and selection was based on the rank computed from the combined weighted average of the percentage scored in the entrance test and the percentage scored in the class XII qualifying examination where the weights were – Entrance Test 65% and Qualifying Examination 35%. The written entrance test was of two hours duration and consisted of multiple-choice questions (MCQs) designed to evaluate the aptitude of the applicants. The written entrance test was conducted by the National Testing Agency (NTA). Overall, 276 students were admitted in BMS and 131 students in BBA (FIA).

The admission to B. Sc. (H) Computer Science was conducted online for the academic session 2020-21 as per the guidelines issued by the University of Delhi. All the students applied and uploaded documents related to the admissions on the Delhi University admission portal. The Admissions committee of the department of computer science verified all the documents online and completed contactless admissions. In total, 63 students were admitted to the B. Sc. (H) Computer Science course.

Admission to PGDCSL requires a Bachelors or above in Science or Technology with following papers: Programming, Networking, Database management, Operating Systems, and Data Structure. The admissions are based on the merit drawn based on the marks obtained in eligible degrees. Due to Covid 19 situation, personal interviews were not conducted. Altogether, 41 students were admitted in PGDCSL.

Shaheed Sukhdev Thapar

Freedom Fighter (15th May 1907 - 23rd March 1931)

Biography

Sukhdev Thapar was an Indian freedom fighter. Born in Ludhiana Sukhdev, since his childhood, was a witness to several atrocities that the Imperial British Raj had inflicted on India, which led him to become a freedom fighter. Sukhdev, along with other renowned freedom fighters, started the Naujawan Bharat Sabha gearing the youth to join the freedom struggle. He is best remembered for his involvement in the Lahore Conspiracy Case (18th December 1928) and its aftermath that shook the foundation of the British Government. After the Central Assembly Hall bombings in Delhi (8th April 1929) Sukhdev and his associates were arrested and hanged on 23rd March 1931. Sukhdev Thapar became a martyr at a young age of 24 years to pay homage and tribute to the three brave freedom fighters namely, Shri Sukhdev Thapar, Shri Shivram Rajguru and Shri Bhagat Singh, the National Social Scheme of Shaheed Sukhdev College of Business Studies celebrated Shaheed Diwas on 23rd March, 2022

When someone sacrifices themselves for their nation, they always leave behind an unforgettable legacy. Commemorating the courage and indelible impression of the three heroes, every year 23rd March is observed as Shaheed Diwas.

Shaheed Diwas Celebration

To remember the martyrdom of our national heroes, various activities were conducted which included:

1. Pushpa Samarpan Samaaroha

A flower dedication i.e phool samarpan ceremony was organized under Shaheed Diwas celebration to pay our respects to the brave heroes.

Everyone gathered around the statue of Shri Shaheed Sukhdev, located in the College campus and flower garlands were put around his neck by the respected principal mam, some faculty members and the NSS team.

2. Plantation Drive

As part of Shaheed Diwas celebrations, we paid tribute to the freedom fighters by planting trees on the campus of Shaheed Sukhdev College of Business Studies. The trees would help preserve the country they shed their lives for. We planted a total of 9 plants which included fruit trees such as pomegranate, anjeer(fig), flower bearing trees such as night jasmine, kachnar and trees with long life such as kalpvriksh.

3. Candle Lighting Ceremony

As a tribute to the three martyrs who sacrificed their lives fighting the battle for India's independence, a candle lighting ceremony was organized in their remembrance. The ceremony began with a candle being lit in front of the photographs of Shaheed Bhagat Singh, Shaheed Sukhdev Thapar and Shaheed Shivram Rajguru by respected Principal ma'am, followed by all the teachers and then the students. By lighting the candles, everyone paid their respect to the three bravehearts and pledged to make India a nation the martyrs had dreamt of.

Major Highlights

Accreditation

NAAC: (National Assessment and Accreditation Council)

The NAAC peer team visited the college on 21st and 22nd April 2022 for its second cycle of accreditation and the college was awarded 'A+' grade with a CGPA of 3.46 valid for a period of 5 years from 26th April, 2022.

The recommendations of the Peer Team have been insightful and the college will be working towards setting up processes for improving the academic offerings and student activities of the college in the coming years.

The IQAC core team comprising of Dr. Tarannum Ahmad (Associate Professor and IQAC Coordinator), Dr. Anuja Mathur (Associate Professor), Dr. Shalini Prakash (Associate Professor), Ms. Kavita Rastogi (Associate Professor), Abhimanyu Verma (Assistant Professor), Dr. Gurjeet Kaur (Assistant Professor), Sandra Suresh (Assistant Professor) contributed in organizing NAAC Peer Team visit on 21-22 April, 2022 for second cycle of accreditation by NAAC.

IQAC: (Internal Quality Assurance Cell)

As per the requirement of National Assessment and Accreditation Council (NAAC), Internal Quality Assurance Cell (IQAC) was constituted by the college. The IQAC has representatives of all stakeholders, viz., Administration, Faculty, Students, Alumni and Recruiters.

Fresh and diverse opinions add to the perspectives of the IQAC. This year, the committee included Dr. S. S. Guglani, Mr. Tushar Dhiman and Prof. Arvinder Kaur as Management Nominees, Mr. Anand K. Chaturvedi as Employer representative and Commander BSF Dinesh Singh as Parent representative. Mr. Aditya Arora was invited as an alumnus of SSCBS.

As a part of IQAC initiatives, the college invites eminent resource persons from the corporate world, industry and academics who share their insights and experiences to help raise the academic and non-academic standards of the college. During the year, the IQAC had three meetings to decide upon a Road Map of action plans to improve the quality of college functioning and has also taken stock of the progress made on various aspects of the road map.

IQAC Initiatives

As an IQAC initiative, SSCBS organized an interaction session of students with notable alumni such as Mr. Prashray Kala, Vice President at Everest Group, Atul Sharma, Technical Director at Technicolor and Harmit Ahluwalia, Global Leader of Client Capabilities, Banking and Insurance at McKinsey & Company on the Orientation day. The purpose was to inspire and motivate the students from day 1 of their college and provide them insights on the working of the corporate world.

The college also conducted a two-hour lecture on 16th September 2021 by inviting an official from MSME to explain the different schemes and support systems being offered to start-ups by government and non-government bodies.

Under the onus of IQAC, several workshops and webinars were conducted on Profile Building for higher education that aimed at guiding students aspiring to get into prestigious higher education institutions. They were also specific sessions on Data Science to train students on improving their skills to present, analyze and interpret data.

NIRF: (National Institutional Ranking Framework)

NIRF was approved by the MHRD and launched by the Honorable Minister of Human Resource Development on 29th September 2015. This framework outlines a methodology to rank institutions across the country. The methodology draws from the overall recommendations arrived at by a Core Committee, set up by MHRD, to identify the broad parameters for ranking various universities and institutions. For the National Institutional Ranking Framework (NIRF) ranking 2022, Shaheed Sukhdev College of Business Studies has achieved a rank of 51 in the Colleges category.

IIC: (Institute's Innovation Council)

MoE's Innovation Cell (MIC) launched the Institutions Innovation Council (IIC) program in collaboration with AICTE for Higher Educational Institutions (HEIs) to systematically foster the culture of innovation and start-up ecosystem in education institutions. IIC is one of the initiatives under the Ministry of Education Innovation Cell (MIC). Shaheed Sukhdev College of Business Studies is one of the innovation cells. They engage faculty, students and staff in various activities such as: Ideation, Problem solving, Proof of Concept development, Design Thinking, IPR, Project handling, Management at Pre-incubation/Incubation stage, etc. so that innovation and entrepreneurship ecosystem gets established and stabilized in HEIs. Different kinds of activities are conducted. Firstly, CELEBRATION DAY ACTIVITIES are undertaken to celebrate important days dedicated to science, innovation, entrepreneurship, IPR, environment etc as important aspects for quality education and

wealth generation. Secondly, MIC DRIVEN ACTIVITIES are such activities conducted on its own or in collaboration with partner organization and government departments. Thirdly, SELF DRIVEN ACTIVITIES are the ones conducted by IICs on its own for promoting entrepreneurship and innovation in their campuses. Fourth, IIC CALENDAR DRIVEN ACTIVITIES are prescribed in the annual activity calendar by MoE's Innovation Cell (MIC).

Achievements of IIC: IIC -SSCBS has been awarded a score of 50/50 and a rating of 2/2 by the Ministry of Education Innovation Cell for the activities conducted in Quarter 1 and 2 of 2021-22.

India Today

Rankings of professional and academic institutions, though existing for many decades, has taken even greater importance in today's complex and dynamic environment. In the spirit of transparency and accountability towards the stakeholders, it is pertinent to separate the wheat from the chaff and bring the best professional institutions in the country out of almost 50,000 colleges and institutes spread across the country.

The academic years 2020-22 had their fate changed due to the Covid-19 pandemic, and thus, keeping in mind the current trends towards the online education system, the ranking and surveys have taken even greater importance to determine the best colleges in the country with respect to the broad parameters of "Teaching, Learning and Resources," "Research and Professional Practices," "Graduation Outcomes," "Outreach and Inclusivity," and "Perception". Rankings and accreditations attempt to set the benchmark for tracking institutes that provide the best education in India, making the lives of students easier.

The India Today Group, the country's most prestigious and largest-circulated weekly news magazine, has been conducting the most authentic college ranking surveys for the past two decades. Shaheed Sukhdev College of Business Studies was ranked first in the India Today Group-MDRA Best Colleges ranking 2021 and 2020 (BBA stream). For India Today Best Colleges ranking 2022, **Shaheed Sukhdev College of Business Studies is once again adjudged the number one college** for Business Administration. In this year's issue, the colleges were ranked keeping in mind the situation in the education sector during the global pandemic.

Infrastructure

Spread over 5 acres in a leafy part of the capital and split over 9 levels, our campus incorporates all the latest amenities and facilities for supporting a conducive learning environment for both students and faculty. A split-level 500+ seater auditorium supported with 4 equally well-equipped seminar halls enhances events while air-

conditioned classrooms equipped with the latest AV equipment focus learning and enhance the quality of classroom interactions. A two-level well stocked library provides an opportunity for student learning while an amphitheater serves as valuable space for student downtime and interaction. The physical health of the students is supported via expansive sports facilities (both outdoor and indoor) and an open gym. The air-conditioned hostel rooms (for both boys and girls) and the air-conditioned cafeteria-cum-mess area serves the needs of both the residential and day scholars. The air-conditioned administrative and common use areas and faculty rooms enable the staff and faculty to work more efficiently for the needs of the students. Inspiring public art enlivens the campus and the tinkling fountain and flowering plants sprinkle a more beautiful dose of nature for all. A large underground parking lot, residential accommodation for faculty and staff members, an in-house STP plant, a weather station, and well-manicured boundary walls round off the facility highlights.

The comfortable and well-equipped air-conditioned classrooms, state-of-art computer labs, quiet and exclusive examination rooms, dedicated tutorial rooms, separate faculty rooms for student interaction, an entire floor dedicated and suitably equipped for placement and career development activities and an in-house incubation center; all well-equipped facilities with latest e-enabled learning tools; foster an effective learning environment for the students and faculty alike.

Monitored CCTV cameras, gated security systems and well displayed and maintained fire and safety systems ensure that the denizens of the campus enjoy its facilities in safety while ramps, lifts and other systems ensure that students with all manner of physical capabilities can come access the facilities in campus and learn together in an efficient and comfortable manner. The rooftop solar plant and solar water heaters support our environmental commitments in tandem with energy efficient building materials and tactics.

Environmentally conscious and energy efficient the SSCBS campus is a new and exciting phase for SSCBS.

Facilities for Sports and Cultural Activities

The college accords high importance to the physical well-being and cultural expression of the students. The half-acre grassy well-maintained playground is used by students to partake in a wide range of outdoor sports, like football, cricket, kabaddi, etc. It also provides space for a mind-clearing and lung-freshening stroll. Indoor sports facilities support sports such as table tennis, carrom and chess. The college grounds also have a fully-equipped open gymnasium that aims to help develop fitness of the day and residential scholars alike. It serves a ready reminder to all students, teaching and non-teaching staff towards health consciousness and beckons them to use the same and develop fitness. The gym is available for use 24x7 and is well patronized at all times of the day. The setting sun often highlights a well-played game of football or volleyball and excited shouts echo around the building.

One end of the college ground hosts a huge open-air stage that is used for practices of cultural events. It lights up to become the centerpiece of large open-air events, noticeably Crescendo, the annual cultural fest of the college. The grounds also play host to numerous other significant events such as alumni meets, food fests, etc., witnessing significant footfalls.

Akashganga, the college auditorium is our version of the old Onida advert - 'Neighbours Envy, Owners Pride'. Fully air-conditioned and lavishly equipped, it seats more than 500 people and is used to conduct a variety of cultural events, conferences and discussions. More focussed activities can make use of any of the 4 similarly

equipped but a bit smaller (at approx. 100+ seats) seminar rooms. As classes wind up for the day and dusk creeps over the surroundings, the college campus resonates to the competing sounds of songs, drums, theater dialogues and good-natured ribaldry among numerous students preparing for a multitude of cultural activities. These outlets for the creative juices of students have turbocharged them into ramping up their efforts, thus bringing in more and more laurels for the college.

At the other end, a garlanded bust of our namesake, Shaheed Sukhdev Thapar and the gaily fluttering national flag provide a touch of patriotism and help to channelize our efforts for greater national good. The flag hoisting ceremonies on Independence Day and Republic Day help us strengthen our national identity and resolve to grow.

Library as a Learning Resource

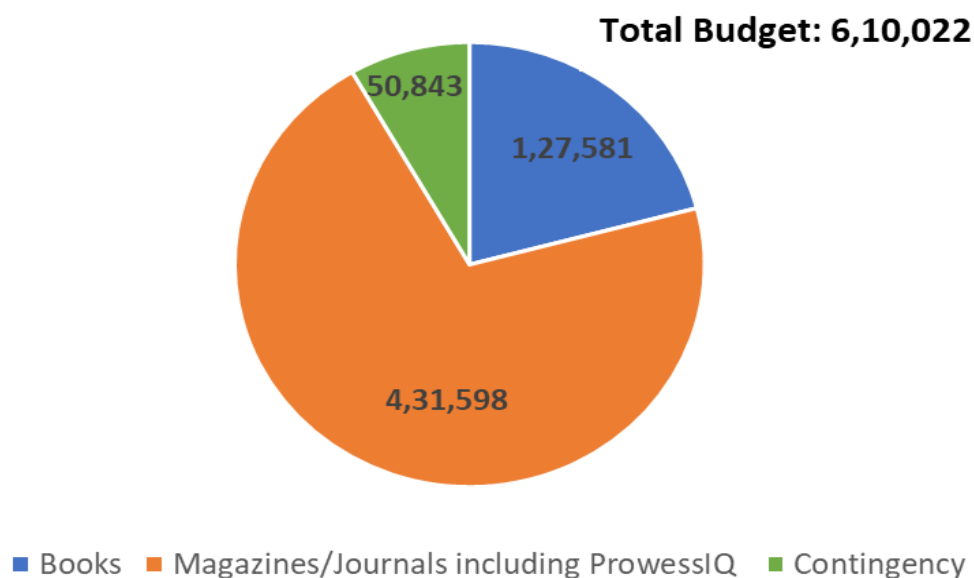

The library is located on the second floor of the college. It is spread across two floors covering an area of approx. 1161 sqm. and has designated space for reading rooms for 218 students and a research section for faculty members along with a reprographic facility.

Total number of new titles added in the collection- 196

Total number of books in the library- 23,661

Total number of magazines and journals of national and international repute- 56

Total Budget: Rs. 6,10,022/-

After the lockdown was partially lifted, the library issued print books to the students. A system was evolved for the issue of the books keeping in mind the strict adherence to COVID protocols. Students were required to email their requirements to the library and were subsequently required to collect the books at a scheduled date and time intimated by the return mail and library came to its usual functioning on February 17, 2022. Adopting the mentioned procedure, the number per day usage of the library was calculated considering the physical footfalls and login data for online access by teachers and students is 71 per day.

Students are encouraged to access and make use of e-books and e-journals accessible through NLIST and DELNET. The library shares digital resources in the form of online magazines, journals and newspaper clippings along with the useful links to the articles with the users. In addition, e-books accessible through NLIST were shared with the faculty members in their respective subject area.

All college library activities such as circulation, technical processing, serial control and system administration are fully automated using the cloud based Open-Source Solution, i.e., KOHA version 20.05.07.000 It provides easy access to the library catalogue (OPAC) from anywhere anytime. It enables students, faculty and staff members to check the status of the library resources and also maintains transparency in all the transactions by providing access to their library accounts. In addition, Library has started the online renewal of books and magazines facility for the students using the following link <http://sscbs.bestbookbuddies.com/> We are one of the leading college libraries of University of Delhi using KOHA Open Source Integrated library management software shifted from LIBTEK DOS based library system since May 2014.

The library verifies its stock every year using the bar-code technology. Library has created and regularly updated its portal <https://sites.google.com/sscbsdu.ac.in/sscbslibrary/home> which assimilates useful resources and serves as a gateway to easy access to a wide variety of resources like Web based OPAC (Online Public Access Catalogue) , E-Resources, Syllabus, Question Papers and Annual Reports along with the blog etc. It has also generated QR Code for the Library Website for fast access through smart devices. Apart from the print resources, teaching and research is also supported by accessing the large number of electronic resources (e-journals, e-books and databases) accessible through IP- based and Remote Access facility of Delhi University Library System. It also provides access to eShodhSindhu resources accessible through DULS. The library has an Institutional membership of Developing Library Network (DELNET) and N-LIST (National Library and Information Services Infrastructure for Scholarly Content). ProwessIQ database is a new addition to the existing resources. Awareness was generated to the faculty members and students about the open access resources such as Directory of Open Access Journals (DOAJ), Directory of Open Access Books (DOAB), Internet Archives, eShodhganga and National Digital Library. Library Internship was given to two interns for the period of three months.

IT Infrastructure

The college has six well-equipped modern computer laboratories, two for the BMS students, two for the B.Sc. (H) Computer Science students, one for the BFIA students and one for PGDCSL students. The College maintains and upgrades its IT infrastructure on a regular basis with the help of trained and experienced professionals. The continuous upgrades in IT infrastructure help and support in maintaining the college academics, administration, examinations and research related activities.

The college has in total 712 computers which include 679 computers available for academic purposes. All computer laboratories are equipped with LCD projectors to facilitate teaching and presentations. The college also has 26 printers which are available for students, teaching and non-teaching staff for academic and administrative purposes. Two internet connections, one from Delhi University with a speed of 100Mbps and another from MTNL with a speed of 1000 Mbps, are available through LAN and Wi-Fi in the whole campus (Classrooms, Labs, Library, Placement & SIIF Area, Hostels, Canteen & Mess Area, Staff rooms, Administrative Offices, Accounts Section, Auditorium, Seminar Halls etc.). Wi-Fi facility is made available through 133 Access Points (APs) centrally managed by one Wireless Controller (Zone Director). To control the overall network in the campus the college has installed 01 Nos NMS (Base NMS- 25 Devices / 250 Thin APS), 03 Nos Servers HP ProLiant DL380 Gen 9 Server with Windows Server Data Center Edition and for internet security it has also installed 01 Nos UTM (Fortigate FG1200D) with Fortiguard (IPS & Application Control, Antivirus, Web Filtering). The college has access to many licensed and open source software such as Dev C++, CPUSim 4.0, MS Excel, TORA, Ubuntu, Anaconda, Mathematica / Scilab, Eclips, Turbo Assembler, NetBeans, Prolog, Xamp, Notepad++, Oracle, Android Studio, SPSS, Capital Line, Microsoft Office (professional edition), E views, Windows Server 2016 Datacenter Edition, MySQL, Visual Studio, Google GSuite for Education, Tally, Adobe Acrobat Pro which are used by students from all three departments of the college. These softwares are also updated as per the changing need of the academic curriculum. The college, through its website, provides a platform for students to view their attendance on a real time basis and internal assessment at the end of each semester.

For better connectivity in the campus the college also has an intercom facility (EPABX) which is a private telephone network used by college teaching and nonteaching staff for easy and effective communication. The college also ensures safety of all individuals in the campus with the help of CCTV surveillance through 138 cameras including PTZ (rotating) on the different floors, library, labs, canteen & mess, open area & ground, lifts, entry and exit gates, hostels, auditorium, parking etc.

College Website

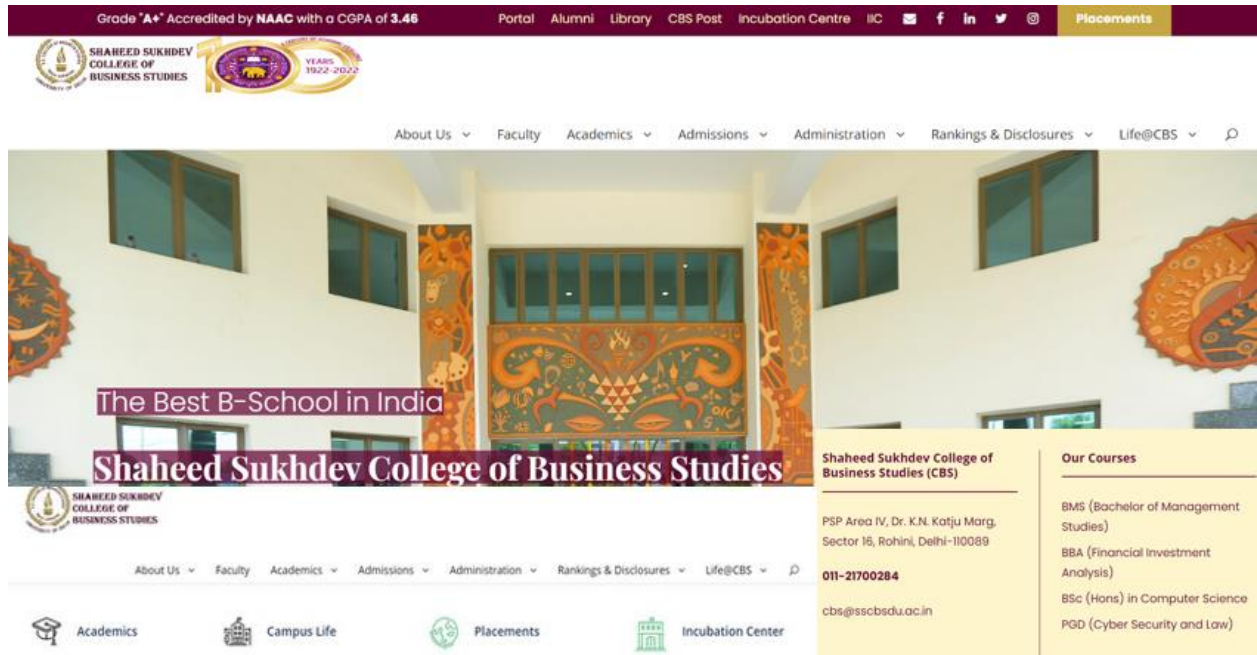

Our college follows all applicable rules and guidelines in both letter and spirit. Transparency, for us, is of utmost priority. All admissions related information is available on the college website and is regularly updated. The basis of internal assessment, academic calendar, time-table, syllabus, guidelines, previous year papers, structure of credits, components of internal assessment etc. are uploaded on the college website.

The college uses a robust ERP system which provides an interface for maintenance and accessibility of students, teachers, departments, library and other information. ERP system maintains a record of internal assessment and each student has a unique log in to access their internal assessment and attendance details. ERP also facilitates feedback collection, analysis and action taken. Feedback is then displayed on the website

ERP System-

- All the attendances are captured online which enables us to generate reports student wise and faculty wise
- Students submit their mid-semester and end semester faculty feedback through the ERP. Faculties can see the anonymous feedback in their login
- Students can view the internal assessments posted by their faculties through the ERP

- Students submit their examination form and fee through the ERP
- All the data of examination form and internal assessments are transferred from the ERP to the university's portal through automated bots
- All the employees can view and print their salary slips through the ERP

Faculty

The college now has 32 permanent and 9 ad-hoc faculty members. In addition to these, there are 22 guest faculty members associated with the Department of Management Studies and Department of Computer Science. For a complete list of the faculty from the three departments, refer Annexure 5.

In last one year the following teachers were on leave:

1. Mr. Ramesh Kumar, Assistant Professor, extension of study leave from 20th July 2021 to 19th July 2022.
2. Ms. Madhu Totla, Assistant Professor, extension of study leave from 20th July 2021 to 19th July 2022.
3. Dr. Sonika Thakral, Assistant Professor, availed Child Care Leave w.e.f. 16th August 2021 to 27th April 2022 and joined the college on 28th April 2022.
4. Dr. Amrina Kausar, Assistant Professor, availed Child Care Leave w.e.f. 22nd November 2021 to 28th April 2022 and joined the college on 29th April 2022.
5. Ms. Saumya Jain, Assistant Professor, availed Child Care Leave w.e.f. 12th April 2021 to 30th March 2022 and joined the college on 31st March, 2022.

Teaching Learning during COVID-19

The year 2021-22 witnessed a mix of online, hybrid, and offline teaching. The college tries its best to ensure an effective teaching and learning environment in the college. During COVID 19 pandemic phase, teachers used various platforms like Google classroom, Zoom, Webex etc. to conduct online classes, assignments, MCQ sessions and share e-resources with students. Teachers used Google Jamboard, Microsoft whiteboard, pen tablets to make teaching effective. The recording of the lectures was shared with the students so that students can learn at their own pace and convenience. The online resources relevant to the course were made available by teachers so that the teaching learning process is not compromised. The best practices learnt during online teaching are carried forward in offline teaching. The use of Google classroom and other similar platforms were used during offline teaching also to conduct tests, quiz, and assignments. Role plays, debates, group discussions, projects, case studies were widely used as per the suitability of courses. Students were motivated

and guided to pursue online value-added courses, live projects, internships and national/international case competitions. Teachers encouraged students to enroll for online courses, and the marks/credits in the courses were used for internal assessments. The college believes in holistic development of students and emphasizes on virtual class learning, peer learning, on the job training and learning by doing. The financial database Prowessiq was subscribed by the college for teachers and the students. Teachers used online tools, softwares (accounting, analytical, spreadsheets, statistical), and financial databases extensively to make the learning experience better. Access to books, magazines, e resources were facilitated by the college library and the teachers. The career development cell continued to organize online/offline special lectures and personality development workshops/sessions, to improve the employability of students.

Student Mentorship Program

Mentoring is important, not only because of the knowledge and skills students can learn from mentors but also because mentoring provides professional socialization and personal support to facilitate success in graduate studies and beyond. The college has a well-structured and active mentoring system. At the beginning of the academic session, every student chooses a mentor from the list of faculty members. Subsequently, each faculty

member is allotted a certain number of students as mentees. Students contact their respective mentors not only to conduct meetings, but also for one on one sessions. The college also conducts special sessions for the faculty members on common issues affecting students. The session is taken by a professional counselor. This provides a platform for discussion on common problems and issues concerning students and ways to handle such issues. Not only in offline mode but also during the online period, teachers reached out to their mentees to extend support and build positivity in the students.

Campus Placement

Career Development Cell (CDC)

The interface between the students and the companies. It helps students explore options through personal counseling and support, alumni mentoring and networking opportunities, etc. The inherent characteristics of CBS initiative, leadership, teamwork and inquisition, are reflected in the working of the team.

Convergence

Convergence 2022, the annual leadership summit of Shaheed Sukhdev College of Business Studies organized its annual summit on 11th April 2022. This year’s theme was “The Alchemical Perfection in Imperfection; Mind the mind, Trail to transformation, Revamping the tech pedagogy, Deciphering the mosaic of life. Nothing is perfect in this universe. People, places, the moon, everything has its beautiful flaws and imperfections. Moreover, perfection is a human concept. Our optimistic mind is the only root that binds us with our true inner roots. Instead of getting disheartened with our imperfections, learning from them fruitfully transforms us for the better. All in all, by setting priorities and making the most of benign opportunities one can progress successfully in life.

Keeping this theme in mind Shaheed Sukhdev College of Business Studies held its annual leadership summit Convergence on April 11, 2022.

The event began with a warm welcome speech and thereafter the exquisite lamp lighting ceremony was carried out. It was followed by an enthralling enchantment of Saraswati Vandana by team “Dhwani”. After the blessing of Lordess Saraswati, our esteemed principal inaugurated the event. She greeted and thanked all the speakers ardently and appreciated team convergence for conducting the event in offline mode after such a long pandemic break. She further spoke about how challenging the covid times were for society as a whole and how she feels interacting in the physical mode after a break.

Institutional Values and Best Practices

Best Practice 1. Raising sensitivity to community issues and empowering the marginalized communities through Enactus

In enactus, we are currently working on two projects - Pravaah and Basera.

Project Pravaah

In the project Pravaah we spread awareness about indoor air pollution because people usually feel that pollution is outside their residence and become negligent at their homes, offices, schools etc.

Resolving to make breathing at homes easier, we have initiated Project Pravaah, an endeavor to curb indoor air pollution while reducing the harmful effects of stubble burning. We have developed an affordable and holistic solution to this ignored yet grave problem. Our low cost, efficient offering includes a three-layered air purifier, stubble pots and stubble manure. Our purifier traps particulate matters and allergens as small as 0.3 microns as well. The classic cubicle design is extremely compact and ensures maximum efficiency as well. We have tested the product through aero-biotechnology, a reputed organization.

The second part of our product mix is the stubble pots and stubble manure. Farmers are given the monetary benefit of not burning stubble and selling it to us which is then converted into household pots and manure through our proprietary technology. The stubble pot is more effective than a plastic or a cement pot and enhances the growth of the plants. The stubble manure improves water retention and provides a continuous supply of nutrients to the plants. We aim to expand our product line and utilize more quantities of stubble, thus preventing it from being burnt. Our target market for the purifiers include middle-class families.

Our project also includes large scale sensitisation of different sections of the society, like different RWAs, schools, old age homes coupled with extensive community engagement with our esteemed experts and focused group discussions to create awareness about the subject.

Project Basera

Project Basera aims at redefining the path to homelessness by inculcating self-sufficiency and economic reliance among the women in homeless shelters in Delhi. There are around 1,50,000 homeless people in Delhi. Homeless shelters run by DUSIB have a capacity of 20,934 people. Out of this, only 10,000-11,000 people occupy the shelters even during peak winters. Moreover, India generates 9.46 million tonnes of plastic waste annually. Out of this, 40% remains uncollected and 43% is single-use plastic. Through baseline surveys and meetings with experts, we conducted primary research on the above specified problems.

We have 3 business segments:

1. **Inaayat:** Considering the huge amount of PPE scrap generated, we decided to transform it into multipurpose mats and bags through a technique known as braiding. We partnered with Safe Approach, an NGO that was allotted the particular shelter by DUSIB. Our knowledge partner Pure Living provided virtual training to us, after which we entered the homeless shelter. We identified 2 women who were willing to work with us. We provided a training of 14 days to our women entrepreneurs in making the products from PPE scrap.
2. **Handicraft:** We make products such as scrunchies, belts, bags etc. from the post-consumption textile waste which is changed into final products by women entrepreneurs.
3. **Apparels from PET Bottles:** This tangent includes a line of sustainably developed apparel from upcycled PET bottles. The apparel collection begins with T-shirts and handkerchiefs, later on expanding into other clothing items such as pants, skirts and scarves. It significantly contributes to waste reduction and inculcates sustainable practices in the fast-fashion industry. The clothes are comfortable, low maintenance, reasonably priced, skin-friendly and versatile.

Best Practice 2. Creating employment-ready under-graduate student

Objective

Crafting management and technical professionals to meet the aspirations of the society. For this we are working towards increasing the employability of our under-graduate students.

Context

The majority of the batch is inclined towards profiles in the domain of Consulting and Investment Banking. We worked on bringing more such companies to campus. To minimize the impact on the placements of next year, we adopted the strategy of focusing on internships which would help students secure PPOs.

Practice

Our endeavors include working towards improving relationships with the industry and taking help from our alumni to further develop the skill set of our students. We have conducted following programmes:

1. Buddy Project:
 - Third year students of the college, who have been placed and have started their corporate journey, reach out to mentor the current students
 - Data Points – More than 200 students (2021-22) had been allotted mentors. 40 mentors were signed up.
2. Placement Preparation Sessions:
 - Third year students placed at esteemed organizations took educational sessions for students sitting for the upcoming Placement Season on various topics
 - Data Points - More than 100 students participated
 - A session on soft skills, financial modelling, entrepreneurship, branding and innovation was held
3. Care Programme: Care Programme is an alumni mentorship program. In the past two years it has garnered greater results. In the year 2022, we organized 6 engagement sessions with the senior alumni and 1st year and 2nd year students. We have received positive feedback. Care program is building a skill set such as resilience and assertiveness. This platform allows much deeper engagement with the students where students receive overall guidance. This relationship even continues once students pass out.
4. Industry Engagements
 - Company sessions conducted throughout the year (eg, EY, KPMG)
 - Case study competitions conducted by Bain & Co. (BrAIN Wars)

Data Points - More than 100 students participated

5. Industrial Viva

Once students are back to campus after their summer internship assignment. To assess the learning and overall quality, we take them through two rounds of viva. The first round of viva is done with the faculty who assess their quality of report and presentation skills. On the basis of feedback, the best 50 students then go through the 2nd round of viva which is conducted by the industry professional. In the year 2022, we received IMRB Research Head and Assistant Manager Invest India as the jury for industry viva.

Evidence of success:

The following statistics from the past academic years reflect the same:

Extension and Outreach Activities

SSCBS stands with the motto “We rise by lifting others”. The goal of all outreach activities undertaken at SSCBS is to identify major social problems affecting lives of people and take steps to overcome those. Moreover, SSCBS believes in producing physically, mentally, emotionally and socially healthy citizens for tomorrow. Various activities for the betterment and upliftment of society, and the all round development of students are undertaken through societies of the college. NSS and Kartavya (the Social Service Forum and NSS unit of SSCBS) conduct activities such as cleanliness drives, plantation drives, clothes-donation drives, wishing-wall (fulfilling the wishes of underprivileged children), bicycle rally, health checkup camp, blood donation camp, blood stem cell donation camp, awareness programs and informative webinars on important social issues like gender equality. During the Covid-19 pandemic, NSS verified leads and took measures to spread awareness regarding necessary precautions. Kartavya organized webinars and workshops on women safety and gender equality under the Project Muskaan, about cyber security under Project Sangrakshan, Mental Health sessions with professionals under Project Chetna, plantation drive, documentary screenings, case competitions, sports competitions, quiz competitions, NGO visits under project Kilkari, visits to animal shelter under Project Furry, wishing wall (wishes of underprivileged children were brought to life and fulfilled), Vivante’22 (the philanthropic fest of SSCBS), Viti’21 (the annual Diwali mela) and literary competitions that were intended to throw light on various social issues.

Rotaract SSCBS, an international social service chapter of Rotary International, addresses important social issues. During the last year, the society worked on two long term projects - Project Srijan, which is a venture

aimed at revolutionizing the e-waste management industry in India, and Project Kamakhya, which addresses the need of menstrual awareness and economical and sustainable sanitary napkins. Apart from this, Rotaract has a research department which works constantly in bringing about new projects by identifying prevalent issues in our society and devising innovative and feasible solutions for the same. Enactuc, the social entrepreneurial cell of SSCBS undertook two projects in the last year - Project Pravaah, an endeavor to curb indoor air pollution while reducing the harmful effects of stubble burning and Project Basera, aimed at inculcating financial and social self-sufficiency among the women in homeless shelters in Delhi. Under the Project Pravaah a low cost and efficient three-layered air purifier was designed, the concept of stubble pots and manure was introduced wherein farmers are given the monetary benefit of not burning stubble and selling it to the Pravaah team. Project Basera also includes large scale sensitisation of different sections of the society, like different RWAs, schools, old age homes coupled with extensive community engagement with experts and focused group discussions to create awareness about the subject. CDF SSCBS organized a session on mental health to combat the mental stress that today's youth faces. The interactive and highly engaging session was attended by students from SSCBS, other colleges from the university, and from other universities. The society undertook a student-led social entrepreneurship initiative, Project Hunar, as part of the Connecting Dreams Foundation aimed at upskilling (thereby financially uplifting) women and children by providing vocational training and teaching them how to make eco-friendly products that also add economic value to the society. The Eco Club society organizes environment-centric activities and takes up projects towards the same cause. Eco Club comes under the Deptt of Environment and plans to spread education about waste segregation, biodiversity and environmental pollution.

Annexure 11: Alumni Relations and Outreach Cell (AROC)

The Shaheed Sukhdev College of Business Studies Alumni Association is a recognized organization with the name "Shaheed Sukhdev College of Business Studies Alumni Association" with registration number S/66636/2009. It was established on 21.08.2009 in Delhi. Office bearers of the Alumni Association put in place the essential protocols, rules, and operational assistance to ensure the association's overall development. Through numerous activities, the group maintains a strong connection with the college alumni.

In addition, Alumni Relations and Outreach Cell (AROC) team also contribute to strengthening the bond with the Alumni by organizing events for the alumni and keeping them abreast of the latest happenings on campus through its bi-annual newsletter CBS-In-Vision. Alumni Meet is the flagship event of AROC which serves to reunite the alumni batches and bring back the memories of their college days. To share the immense industry know-how of the alumni with the current batches, the following initiatives are taken by AROC.

Alumni webinar series: Alumni webinar series is an effort in which our alumni from many areas of life deliver useful insights and share their experiences on a predetermined topic ranging from consulting, finance, and marketing to social impact and Artificial Intelligence.

Fireside Chat: Fireside Chat is a session with predetermined questions selected by the audience and the speaker who is our Alumni answers those questions and other doubts of the participants throughout the session with their deep knowledge and understanding of the topic.

Personalized Mentoring session: This is one of our most unique programs, in which we function as a liaison between our college's students and alumni, arranging for one-to-one mentoring sessions for the students.

Panel Discussions: We set up a panel of 3-4 of our Alumni from a comparable business as part of this program, and they teach the students about industry's specifics through their talks.

Major Initiatives

Alumni Meet 2022

On April 30, 2022, Alumni Relations and Outreach Cell hosted ALUMNI MEET 2022. The Alumni meet strives to develop a sense of community among graduates while also fostering a sense of connection to the university. This event drew more than 200 alumni from various batches, who reunited with their old friends and acquaintances. Alumni from the first batch of graduates in 1990 to the most current grads in 2021 were present to network and share their stories. The AROC members guided the Alumni with on-campus visits because most of the visitors were familiar with the Jhilmil Campus.

CARE Initiative (CBS Alumni for Recruitment and Excellence)

The CARE initiative aims to provide guidance & support to students of SSCBS from experienced Alumni who have traversed the path of success rising from the same platform. Panel discussion, Personalized Mentoring sessions & Fireside chat are the three leading platforms of the CARE initiative. 80+ alumni registered from diverse fields including Investment Banking, Consulting, Analytics & Venture Capital working in dream companies like JP Morgan, Goldman Sachs, McKinsey & many more are a part of this program.

Alumni Webinar Series (AWS)

Alumni Webinar Series is the virtual version of the Alumni Lecture Series (ALS), that was started post-pandemic, keeping in mind that the learning should not be impacted even during the odd times. More than 30 Alums were invited from diverse domains to deliver their invaluable industry insights and knowledge on inquisitive topics. The initiative was aimed at ensuring an amicable relationship between the alumni and the student community to ensure that the students can benefit from the experience of the alums and that the alums can remain connected to their alma mater.

Investing Masterclass: Sneak Peek into Investing

Understanding the surge of interest of youth in the field of investments, a session on Investing was organized on 12th February 2022 with Ms. Shreya Kapoor (content creator and freelancer). The session covered how a layman should go about investing based on his career goals and future needs. She gave the students deep insights into Crypto currencies, index funds, mutual funds and how to identify multi-bagger stocks. The session fostered a deep investing acumen in the minds of the participants.

Other Initiatives:

Consulting Workshop: On 11th September a workshop on consulting was organized with Mr. Aaditya Agarwal (Junior Associate at McKinsey and Company). The Workshop covered the art of solving Cases and Guesstimates and also some live cases and guesstimates were solved during the workshop. The workshop inculcated problem-solving skills among the participants.

Almashines Portal: It is the official alumni engagement portal of SSCBS. It provides a platform for the Alumni to network with their fellow mates, initiate group discussions and share their work with other Alumni. The portal has various filters such as location, company and batch to make the networking of the alumni more user-friendly. Currently, the portal has 700+ Alumni connected with the portal.

Annexure 16: Career Development Center

Career Development Center (CDC) is a team of hard-working students dedicated towards the mission of providing quality placements and internships to every student of SSCBS.

The team is divided into three tiers: the Organizing Committee, the Core Committee, and the Advisory Committee, and is supported by the placement officer, Mr. Deepak Tiwari, who spearheads the team and helps in improving placement records. The Placement Cell aims at connecting the students of the college with the best possible opportunities by providing them with a thriving platform and an early corporate exposure. It also assists the students in resume building, personal counseling, alumni mentoring and providing good networking opportunities to help them climb up the corporate ladder and secure a respectable position for themselves.

Despite the challenges brought in by COVID-19 pandemic as well as our subsequent shift to offline culture midway the session, CDC seamlessly glided through both their phases of Placement Season 2021-22. The average package stood at 9.88 LPA and the highest package recorded was 36 LPA. With the same level of determination and zeal, we are looking forward to the soon upcoming Placement Season 2022-23.

Details of current projects

Enactus SSCBS is currently working on two projects - Pravaah and Basera.

Project Pravaah

Project Pravaah aims to curb indoor air pollution while reducing the harmful effects of stubble burning. Enactus SSCBS developed a low-cost, efficient offering which includes a three-layered air purifier, stubble pots and stubble manure. The team developed a tri-filter air purifier offering similar efficiency as other purifiers in the market at a 65% lower cost to transform air purifiers from a luxury to a necessity.

The team works directly with the farmers to teach them efficient stubble management practices. The team has been working relentlessly since the initiation of the project to incorporate ethical agro-waste management as a practice for farmers by incentivizing them to convert the stubble into pots and manure, providing them an additional source of income.

The project also incorporates bringing behavioral change in the urban as well as rural communities through regular sensitization sessions about the rising problem of air pollution.

Project Basera

Project Basera aims at redefining the path to homelessness by inculcating self-sufficiency and economic reliance among the women in homeless shelters in Delhi while mitigating the problem of textile waste mismanagement.

Basera works under 3 business segments that employ the residents of homeless shelters as the entrepreneurs of the project:

1. **Inaayat** - Inaayat deals with the conversion of the textile waste generated during the manufacturing process to convert them into mattresses and bags through the traditional technique of braiding.
2. **Rachna** - Under Rachna, the women of the homeless shelters convert the post-consumption textile waste into multiple handicraft products like scrunchies, bags, belts, pouches, etc.
3. **Noor** - Noor is an initiative to convert the plastic bottles into fabric as an alternative to the existing textiles which is further converted into a portfolio of products like shirts, scarves, etc. by the entrepreneurs of the project.

Number of workshops organized by the society in the year: 4

As part of an attempt to hone up the craft of our members, we have continuously organized and attended professional theatre workshops. 'Journey to Theatre and Beyond' was a creation-based workshop with Neel Sengupta (Founder, Third Space Collective) resulting in 9 short pieces of solo performances. Sandeep Shikhar (Founder, Indian Ensemble) mentored our members for yet another intensive workshop on dialogues and drama, leading up to 3 self-devised short story performances. Our recruited first years were provided with beginner-level workshops on elements of Theatre which culminated into our event 'Prologue 2022', 4 short-plays independently made by first years.

Additionally, we have expanded our scope of understanding of art through our campaign 'Theatre. Art.' wherein our members collaborated with professional artists from different forms (like Baul, Koodiyattam, and Puppetry) to learn the basics and philosophies of their discipline. This initiative culminated in a knowledge-sharing series of social media posts as well.

Number of fests organized by the society in the year: 1

Our Annual Theatre Festival, Raasa is an attempt towards celebrating the art form of Theatre. Being one of the largest Theatre festivals in the entire DU Theatre Circuit, we receive participation from some of the top collegiate Theatre societies in Delhi. This year, Raasa was conducted in the month of April 2022 after 2 years. Our theme for this year, 'Beyond Stage', was a uniquely placed one as it celebrated the advent of the Digital Theatre revolution that took place during the pandemic. The festival saw a rigorous and ambitious process of screening entries from participant groups across 3 rounds, the last one being a non-competitive one. Our offline preliminary event was a huge success as two distinguished Theatre personalities – Rajneesh Gautam and Dr. DK Ganjoo, provided feedback to all participating productions. Our final event was organized with grandeur as we invited Mr. Ajeet Singh Palawat, one of the most experienced and well-known Theatre artists. Once again, Raasa 2022 distinguished itself as the benchmark of hospitality.

Number of event(s)/sessions/activities/webinars organized by the society in the year:- 5

Dhabba Nahi (Date – 12th March 2022)

GirlUp Ruhi participated as a volunteer in the Dhabba Nahi project of Hemkunt Foundation in collaboration with GirlUp India. Dhabba Nahi is a project designed to create awareness in marginalized communities and to

de-stigmatize the taboo around menstruation. By providing sanitary napkins and raising awareness around good hygiene practices, the project aims to affect the lives of women and girls by giving them tools for achieving better menstrual hygiene. The site where they were distributed was Ghata, a place in Gurgaon. All the volunteers reached the office of Hemkunt Foundation at 12:30 PM after which Hemkunt Foundation volunteers briefed them about the activities of the day. Volunteers have been divided into two groups - those who would educate the women about menstrual hygiene; and the rest would package the menstrual hygiene kits. After reaching the site, women from the community were called and divided into groups. The volunteers had a conversation with them about how menstruation is a natural process and not something to be ashamed about; they were also taught how to use a menstrual pad. Finally, the menstrual hygiene kits were distributed among the women. The total headcount was 175+ beneficiaries.

Breaking Barriers

Breaking barriers covers the journey of trailblazing personalities in different occupational fields who were subjected to various stereotypes but never stopped and changed their circumstances for the better by breaking the 'barriers'. We interviewed ground-breaking personalities who shared their life experiences in overcoming the hurdles of sexism and societal pressure. The idea behind Breaking Barriers is to explore exemplary women and their experiences in their respective career paths. We interviewed women flourishing in different professions including Ms. Aditi Kakkar, an athlete who is the founder of Studio-To-Street Lifestyle Activewear Brand - Ochre Ms. Rakshanda, a data scientist at Microsoft, and Ms. Tanya Apachu, a content creator who works toward women's rights. The interview with Ms Tanya Apachu was really entertaining and insightful, the way she creates informative content on various topics that were earlier considered taboo is really admirable. Her story of overcoming the problems of self doubt and camera consciousness was very motivating. Ms. Aditi Kakkar inspired us with her journey, starting with her interest in martial arts and athletics, to weightlifting and becoming an entrepreneur. Whereas Ms. Rakshandha is a professional working as a Data Scientist at Microsoft, she told us about the challenges and stereotypes she faced and how she overcame them.

Self Defence Workshop

This enriching session consisted of a basic demonstration of life-saving self-defence techniques and tactics to combat harassment against women of any kind.

We believe that self-defence helps women gain confidence, empower themselves, and find safety in vulnerable positions. Women need to feel empowered and should not be forced to feel the way so many of them do. Women would definitely benefit from learning proper self-defence techniques and reflecting on other aspects of their lives. GirlUp Ruhi conducted a 2-hour Self Defence Workshop with the Delhi Police to support this cause on the College premises. 4 instructors were sent by Delhi Police who conducted the workshop.

Cyber Bullying Video

GirlUp Ruhi launched a short film on Cyber Bullying, on 13th October 2021. The objective was to raise awareness and start conversations about cyberbullying and how it affects people, especially - the people who are a part of the LGBTQ+ community, who have been discriminated against since a long time. The film was made with a motive to make people understand what all a bullied person goes through, and the ending shows how one can prevent themselves from such bullying. The video was posted on social media handles - YouTube and Instagram, and has received an immense response, with a lot of positive comments and more than 800 views on Instagram within just one day.

International Women's Day

GirlUp Ruhi celebrated International Women's Day on 8th March 2022 by making posters of 'busting gender stereotypes. GirlUp Ruhi tied-up with Kartavya, SSCBS - to celebrate the day. Wrist bands of green, white, and purple colors were distributed in representation to symbolize women's equality in society. A collaborative board was made to group together instances where people shared their experiences at times, they faced sexism and broke societal stereotypes. We also spread awareness through placards that had statements like "My wife is taller than me and I don't mind that" contradicting the common notions of the society.

Other Initiatives

- **Activism through social media** - The GirlUp Instagram handles posts about various pressing issues such as gender-based stereotypes, and inequalities faced by women in everyday life. It comments about news related to gender equality, etc. It has a dedicated following of 500+ and has created a digital space for progressive and empowering activism and an open environment for discussing such matters. Some of our recent posts include the legalisation of sex workers as a job, intersectional feminism, etc.
- **GirlUp Ally Meet** - GirlUp India organized the GirlUp Ally Meet, a networking event on 28th May 2022 (Saturday) at AGENC CoLAB, Dhan Mill. The event was attended by some incredible youth-focused organizations from various fields and GirlUp leaders. It was an opportunity for all to connect, learn more about each other, and amplify and uplift each other's work. It was an offline networking event that aimed at providing a platform for the changemakers to understand each other's initiatives and seek guidance. Representatives from GirlUp Ruhi got an opportunity to be a part of this initiative and interact with GirlUp Kavach, GirlUp Manipur, and other youth organizations like Project Paddling, Project Bala, etc.

Inter-college competitions attended by your society members: 162

We have accolades in many national level inter-college competitions including institutions like SRCC, IIM Bangalore, IIM Calcutta, St. Stephen's, Hansraj and LSR. Our society members even won international acclaim in various prestigious competitions including Harvard Global Case Competition, CRMS Risk Challenge, HSBC/HKU Pacific Business Case Competition and EY Better Working World Data Challenge.

Number of seminars organized by the society: 1

We hosted Mr. Aditya Narain the Deputy Director at IMF. He is an alum of St. Stephen's and Harvard University. The session was based on Current Issues and Trends in Financial Regulation. This was followed by an intellectually stimulating QnA round where students asked questions revolving around finance, Macroeconomics, public policy, and general career guidance. The session saw a presence of around 85 attendees, comprising of both national and international IFSA members.

Other Initiatives

IFSA has a student-run investment fund. Its members engage in regular discussions about the markets and make investment decisions based on their understanding. They constructed a diverse portfolio of stocks and invested using capital they contributed. This year, we also undertook 2 Live Projects. With Faad Network, a venture capital firm, we did a comprehensive industry analysis of three segments - Web3, Gaming and Agri-Tech. This was followed by scouting for potential start-ups in these segments and posting our recommendations. With Flint (a cryptocurrency start-up) our associates performed a thorough study of the Crypto market in Australia followed a by similar analysis in other countries. We also opened a new branch of IFSA at Lady Shri Ram College for Women, DU.

- iv. Cybersecurity (Project Sangrakshan)

Number of fests organised: 2

- i. Viti'22- Annual Diwali Fest of SSCBS
- ii. VIVANTE'22- Annual Philanthropic Fest of SSCBS

Other Initiatives

PROJECT MUSKAAN

Kartavya, under its initiative Project Muskaan, aims to educate society about the need of taking every step they can to break the stereotypes and work towards building a world where everyone is equal. It aims to develop a society devoid of stereotypes, miseries and old shackles of community, and develop a spirit of pluralism and brotherhood. It aims to raise individuals from senses to consciousness.

- **DURGA SAFETY WORKSHOP** - It was a power packed workshop with Durga India covering all the aspects of self defence, power dynamics and legal aspects. It taught the women of our college the art of being able to overcome their fear and protect themselves against anything that's unacceptable in terms of social conduct.
- **HEARING THE UNHEARD** - It was a series which presented the stories of women who broke all stereotypes, killing the old notion around "gender equality" and inspiring the youth.
- **SPEAKER SESSION** - A session on mental and menstrual health of women was organised in which the speaker was Niharika Sharma, an International Development Professional working with communities and young adults on solutions regarding mental and menstrual health.

- **WEBINAR** - We organised a webinar in which acid attack survivors Ms. Anshu and Ms. Rupa was invited as a speaker. They shared their own experience on how one should deal with the world, and why one should never do an acid attack.

PROJECT CHETNA

During the COVID-19 pandemic, it was seen that the mental health of people was deteriorating very much. And to address this grave situation, Kartavya launched Project Chetna, an initiative to discuss mental health issues and help people cope with them. Following were the parts of Project Chetna:-

- **WE STAND AGAINST TROLLING** - Under project Chetna, a series named “#WeStandAgainstTrolling” was started, in which social media influencers and enthusiasts shared their personal experiences on how they deal with derogatory comments and trolls. Influencers such as Aviral Gupta (model who featured in 3rd season of Love School- a reality show), Nishant Parmar (a social media influencer and content creator) and Ayushee Ghoshal (an entertainer and a social media influencer) were a part of this series.
- **IT’S OK TO TALK** - It was an anonymous platform that was created under Project Chetna where mental health concerns, thoughts, questions, issues, and confessions were addressed. We were delighted to have speakers like Charvi Jain (psychologist, psychotherapist and an entrepreneur) and Niharika Srivastava (Counselling Psychologist with 3+ years of experience).
- **YOU ARE NOT ALONE** - It is seen that people having mental health issues often feel that they are alone, and nobody would understand their situation. However, that is not the truth, and so Kartavya came up with a series called “You Are Not Alone”, wherein we shared success stories against mental illness of famous celebrities. We covered stories of Deepika Padukone, Varun Dhawan, Lady Gaga and many others.
- **WEBINARS** - Various webinars were also conducted under Project Chetna, where psychologists addressed topics related to mental health and brought awareness among students. We were delighted to have renowned personalities like Dakshiani Bhan (mental health professional), Anuradha Seth (director of Good Mental Health RCI), Himani Kulkarni (Founder of Chaubara: A mental health India) and Niharika Srivastava (International Development Professional) on board for the speaker sessions.

PROJECT SANGRAKSHAN

There have been a lot of cyber issues in the past few decades, and to acknowledge this and the crucial role cyber security awareness has taken, Kartavya came up with a new project: Sangrakshan. It aims to increase the cyber consciousness of individuals and make all of us aware about our cyber rights.

- **WEBINARS** - We organised a number of webinars related to cyber security and its need in today’s world, and these webinars were conducted by experts.
- **CYBER SECURITY AWARENESS SERIES** - We started a series about cyber security awareness, where we covered many topics like phishing, bitcoins, cyber ethics, blockchain technology and so on.
- **SPEAKER SESSIONS** - A session on cyber security awareness was conducted by Anshul Pandey, Founder and CEO at Euinac Technologies. We also organised a session on cyber security in COVID-19

where eminent speaker Shifa Cyclewala, Founder at Hackify Cyber Security, shared great insights on how one should protect themselves in the cyber world.

PROJECT FURRY

This year, during Vivante'22, Kartavya launched its new project, i.e., Project Furry to promote animal welfare. The purpose of this initiative is to provide comfort, shelter, food and nutrition to stray and unadopted animals. Till now, following activities have taken place under the project:-

- **ANIMAL SHELTER VISIT** - For the launch of our new project, we went to Friendicoes NGO, Barakhamba Road to spend some time with our little four-limbed friends.
- **PUBLIC AWARENESS POSTS** - Through Kartavya's social media handles, we try to spread awareness about Do's and Don'ts related to animals, educating people about how to take care of and help animals.

PROJECT KILKARI

Under our initiative Project Kilkari, we visited NGOs and slums to interact with the children residing there. We taught them and made donations to help them. The gifts of the wishing wall were also donated to those kids, and the smiles on their faces were precious.

The members of the society have participated in 250+ competitions and achieved one of the top three positions in 50+ of them. Nucleus members emerged as the Global Finalists in the Credit Suisse APAC Investment Challenge and were among the Global Top 10 in the Global Banking Valuation Olympiad organized by GBS London. The long list of achievements does not end here with the members being National Finalists in BrainWars 2022 organized by Bain & Company and Global Runners Up in the Stockholm School of Economics' Finance Challenge. Numerous wins and positions have been recorded in competitions held by prestigious institutions in the country including IIM Kozhikode, IIT Roorkee, IIT Madras, SRCC, DTU, Hansraj College and St. Stephens. This is a testimony to the proficiency of the society members in the various fields of finance and analytics.

Number of seminars organized by the society: 5

Number of fests organized by the society: 1

The society's annual flagship event, **Analytics Conclave 2021** was held between the dates 24 June and 27 June 2021. It was a one of its kind Data Discovery Workshop which covered five enriching sessions on topics related to data science.

- Session 1 – Application of Data Science in the Fintech Industry by Mr. Suraaj Hasija
- Session 2 – Data Analytics and Beyond by Mr. Biswajit Das
- Session 3 – Roadmap of Data Science Applications and talk on AI based Start-ups by Mr. Prashanth KV
- Session 4 – Expectations VS Realities in the Data Science Industry by Mr. Sayantan Dawn
- Session 5 – All about Natural Language Processing by Mr. Aditya Agarwal

Nucleus organized a **fest in June 2021**. The event hosted 5 experienced Data Scientists from reputed companies over a period of four days. The speakers presented their insights on the Data Science industry and the applications of Machine Learning and AI in Fintech, Search Engines and Consulting among various other topics. The Conclave witnessed active participation of 247 students who benefitted from the insights shared by the speakers and the interactive discussions on various disruptions in the analytics industry.

Other Initiatives

- **Knowledge Sharing Sessions:** Nucleus, proudly being the only Analytics Society of the college, takes up KSS on various industry-standard applications encompassing MS Excel, Python, Power BI, Tableau, and Alteryx among multiple others. These KSS are unique in the college, given the fact that they are based on in-demand and industry-accepted Analytics Tools. Alteryx is one such unique software that was learned by members of Nucleus as a part of the society (considering its gaining recognition in the corporate world), compared to many other societies of the college.

- **Intra Soc Competitions:** After successfully learning each new software, the students are provided with a practical competition prepared by their peers to help them reinforce their technical skills and strengthen the application of important concepts involved in a particular software. This initiative by the society is also something that sets it apart from most of the societies in the college.
- **Live Projects:** The society also shares an excellent long standing relationship with the corporate sector and has collaborated with firms to take up live projects, conducting speaker sessions both within the private and public sector domains. In the past, we have worked with firms like Delhi International Airport, Coal India Ltd, EY, SBI, NeenoPal, etc. These projects have significantly helped the students in gaining a practical experience of how Data Analytics is used in corporations and provided them a first hand experience by strengthening the knowledge of the Analytics Tools they have been provided with.
- **Blog Website:** Nucleus is one of the only societies in the college to have a separate Blog website apart from the college website, wherein once in every 2 weeks knowledge sharing blogs are written and posted by members of the society related to the world of Data Science and Financial Analytics.
- To help us in increasing the reach of our blogs and increasing our footprints, we have decided to shift to a new website: nucleuscbs.com (our previous website: <https://theanalyticsbay.com/>). Here we would additionally be putting up our portfolio and more details related to Nucleus which can come handy to students and even help them in getting better opportunities in terms of more Live Projects as well.
- **Taking up new courses:** Apart from the regular KSS on Analytics Tools, the members are also provided some of the prominent online courses available on softwares like MS Excel, Power BI, Tableau, and Python over a drive folder free of cost which was earlier completed by their seniors and was found useful for learning of their juniors.

Annexure 45: Queer Straight Alliance

Number of Inter-college competitions attended by the society members:

The inter-college competitions participated by our society members include institutions like IIT KGP, National Institute of Agricultural Extension Management (MANAGE), Krishi Chanakya and many more. The centric theme of all the competitions our team members participated in was linked to either creating real life impacts or management consulting consulting-based cases. Positions secured were first runners-up, winners and among top 10 finalists on a national level. We aim to render our best performances in future as well and expand our diversity.

Event(s)/sessions/activities/webinars organized by the society in the year:

- Seminars and Interviews conducted include inviting upon Harish Iyer, Head of Diversity and Inclusion at Axis Bank, Moazzam Reza, a proud queer-owner of Firdous Organics, Argha Naskar, proud owner of Argha's Chocolate Creations, Semanti Debray, owner of Splotches, and Pankti Chheda, owner of Moving Meals. The interviews were held in the Covid era and thus held online. Our first offline speaker session, which was a huge success, was conducted by Rishu, DE&I Champion, Vice President at RWS India and a Core Team Member of Qknit. The session he spoke for was LGBTQIA+ 101.
- IRIS'22 was organised for the second time and this time we went offline with our many segments such as a book fair in collaboration with Litsoc, The Literary Society of SSCBS, alongwith the OpenMic Fundraiser and the Movie Screening. We mustered over ₹7,000 through our Fundraiser event and all the proceedings went to the Humsafar Foundation. The event was a great success in the sense of creating awareness and inclusivity among our college students as everyone collectively had a great time throughout our event!

Other Initiatives:

We commenced Project Uthaaan back in October 2021 wherein we aided small queer-businesses in boosting their business level by promoting their products and services by utilizing our reach. We also, in collaboration with MyMoMa, a student-led management consulting start-up of SSCBS, rendered these businesses free consultancy services.

Annexure 46: Rotaract

Number of Inter-college competitions attended by the society members: 52

Team Rotaract SSCBS participated in 52+ competitions bagging podium finishes in 13+ competitions from institutions such as SRCC, IIM Amritsar, IIM Bangalore, Kirori Mal College, etc.

Number of seminars organized by the society: 18

Rotaract SSCBS undertook a variety of activities in an attempt to create social impact and bring about real change in our environment. We provided free teleconsultancy sessions to 75+ Covid-19 patients with scarce resources and hosted 4 Instagram live sessions addressing important topics like Covid-19 MythBusters, Vaccination, Steroids and Black fungus and Post covid care.

In an effort to help the women negatively impacted by the pandemic, we organized various skill enhancement sessions under Project Saakar wherein leading experts from the industry trained these women in various in-demand skills like Powerpoint, MS Excel, Canva and basic soft skills such as Communication.

Various awareness sessions regarding E-waste management and Sustainable menstruation, the key areas of our projects, Project Srijan and Project Kamakhya respectively were conducted in collaboration with multiple NGOs, schools, colleges and other Rotaract clubs.

Other sessions conducted include: Maintaining a linkedin presence, Webinar on acing case interviews, Webinar on Public Speaking, Webinar on Decoding the journey of Indian Fundamentals Rights since Independence, Webinar on Introduction to Guesstimates & Webinar on Financial Literacy

Other Initiatives

1. Field visit to Komal Organic Farms

Through the visit, we aimed to gain a deeper knowledge of the different varieties of wheat and analyze the differences in their thickness and diameter to identify the varieties that best suit our purpose of making thick wheat straws.

2. Field visit to Organic Chacha

Through the visit, we aimed to gain a deeper knowledge of the different varieties of wheat and procure some wheat stems to make prototypes of our project as well as further use them for conducting surveys and pilot testing.

3. Field visit to Sanesa Natural Farms

The visit helped us understand the loopholes in our project idea that could be worked upon as well as helped us in collecting some wheat stems that could be further used for prototyping for our project, which intends to replace plastic straws with biodegradable wheat straws made from wheat stems.

4. Installation of E-waste bin

After the sensitization session was conducted with IITM Janakpuri, we moved on to the process of installing an e-waste bin in their college. Members from our project went there to set up the bin and the process went smoothly.

5. Project Adhyayan

Project Adhyayan was an initiative to help visually impaired children get access to mindfully prepared, comprehensive study material. Under the project we provided deliverables like, converting NCERT books into audio books for the subject, Mathematics for classes 3-10. In all, we converted 120+ chapters and delivered 25+ hours of content in the form of audio recordings.

6. Project Saahas

As an initiative under Project Saahas, our team members visited an NGO named Siddharth Memorial Charitable Trust and contributed towards an initiative of this trust called "Ek Prayaas" which aims to educate underprivileged children. We donated a total of 10 new books on various topics like basic math, self help, inspirational, children's stories, new books which they needed for their common library, few of which are Malgudi days, Catch 22, Ikigai, The Adventures of Rusty, etc.

7. Project power of Ponytails

We kickstarted the campaign by organizing a webinar on "Prevention and Early detection of Cancer in women" in collaboration with Rotaract club of Capital City which addressed issues like Breast cancer. We urged the masses to donate their hair and become a part of this change as hair donation is an act of absolute positivity and transmits a feeling of hope among cancer patients.

8. E-Waste Collection Drive

We conducted an E-Waste collection Drive at Sachdeva Global School, Dwarka. Our team members went there and handled the collection process. The total amount of E-Waste collected came out to be around 470 Kgs, which was then transported to our Formal E-Waste recycler Deshwal Waste Management Private Ltd. for proper recycling and treatment.

9. Fundraiser - Shiksha

We launched the 'Shiksha Fundraiser', where we held different events and an online crowd-fundraiser at Milaap platform, to help students at SDMC Primary School, under Teach For India, to help them get access to digital education by providing them with smartphones.

10. Project Aaina

Our club members donated 15 packets of sanitary napkins to househelps in their area and their daughters and also talked to them about healthy sanitary practices and thus creating awareness.

11. Project Artisans

Rotaract club of Shaheed Sukhdev College of Business Studies collected and donated over 2 Kilograms of the waste clothes from various local boutiques to the district, which will be stitched together by the trained women to produce beautiful products like masks, book covers, scrunchies, etc. while ensuring sustainability of their incomes.

12. Blood donation camp with Rotaract club of PCTI

The mass-scale vaccination drive coupled with people's fear of contracting COVID-19 at donation sites, has led to blood shortage in blood banks and hospitals. Looking at this worrisome situation, Rotaract SSCBS collaborated with Rotaract club of PCTI for organizing a Blood Donation camp at PGDAV Senior Secondary School, West Patel Nagar.

13. Project Zero Hunger

The members of Rotaract club of Shaheed Sukhdev College of Business Studies distributed food near their respective places in an attempt to bring respite to the hunger of the needy.

14. Food donation drive

With hunger and starvation on the rise amidst the scorching heat, we decided to conduct a food donation drive in some identified slums in Rohini. This food donation drive was completed successfully on the auspicious occasion of Eid on 3rd May. We were able to feed 80+ needy people from the identified slums in Rohini. These food packages were backed by the funds collected by us, from the college students.

15. Project Srijan

Project Srijan has achieved overwhelming success in its objective to channel e-waste from the informal sector to the formal recycling sector and spread awareness regarding the same. Till now, we have reduced 45000 kgs of CO2 emissions and 22kgs of methane emissions. At the same time, we have impacted over 59000 people directly and indirectly and delivered over 100 hours of content regarding mindful management of e-waste.

16. Project Kamakhya

The objective of Project Kamakhya is to eliminate the social taboo on the subject of menstruation and to make economical and sustainable pads. Apart from this, Project Kamakhya aims at spreading awareness about menstrual hygiene and up-skilling women. With this, about 500 underprivileged women were given employment and 7500 were directly and indirectly impacted by the same. Besides this, more than 200 kgs of plastic waste was reduced and around 400 kgs of industrial cloth was upcycled.

17. Research Department

Research department works toward identifying the problems that are prevailing in the society and develop suitable and sustainable solutions for the same. For this we have worked on problems and solutions related to plastic waste management, food waste, cloth waste, etc.

Annexure 47: Sadhana: The Yoga Society of SSCBS

An overview

Founded in December 2021, Sadhana, the yoga society is a collective effort of students driven by love for yoga. Being a yoga society, we believe in bringing awareness about the benefits associated with yoga and meditation. We also organize yoga sessions to improve the health of students at our college.

Number of webinars organized by the society: 1

Webinar Organised: YOGA: YOUR HEALTH YOUR CHOICE

Under the IQAC initiative of Shaheed Sukhdev College of Business Studies, a talk on the health benefits of yoga was held on 4th Feb, 2022.

The session was delivered by Prof. Rima Dada, AIIMS Delhi. She is a professor in the Department of Anatomy at AIIMS Delhi and is actively involved in research, genetic diagnostic and counselling services.

The speaker discussed mind-body interventions and discussed the importance of yoga and how it could help to prevent and mitigate complex diseases. She also shared how diet and lifestyle directly programs our genes in a semi-permanent way.

Other initiatives

Organized free yoga classes

We conducted free online yoga classes from 10th February to 17th February, 2022 for students and staff interested in yoga. The classes were made open to the family members of students/staff too. We received 41 registrations. The classes were of utmost help and were provided by experienced instructors from Bhartiya Yoga Sansthan. The sessions involved a simple follow-along of the entire yoga session, tailored to fit the participants' needs and capability. Each yogasana was thoroughly explained with scientific explanations and benefits, as well as those that should be avoided by specific people. This was a successful attempt to make people aware of yoga and teach them yoga under the guidance of professionals but the classes were called off as colleges started functioning in offline mode.

Organized session for NGO kids

We collaborated with Kartavya, the student society that works for social causes, for their annual philanthropic fest 'Vivante' to conduct a yoga workshop for children from an NGO named Shubhakshika Educational Society. The one-hour workshop was conducted on March 9, 2022 at 10 am in the college premises. The instructor of the workshop, Dr. Sonika Thakral, a faculty in the Department of Computer Science at SSCBS, who is also a certified Yoga instructor, taught subtle joint movements, some basic Yogasanas, explained the significance of right breathing and the benefits of adopting Yoga in one's lifestyle. Thereafter, some fun exercises were held which made children happy to be a part of this event.

Performed Surya Namaskar on Republic Day

We organized a performance of Surya Namaskar (Sun Salutation) by students. Two volunteers from Sadhana Tanya and Magandeeep Bharti participated in the performance. Surya Namaskar is a yoga practice incorporating a flow sequence of some twelve gracefully linked asanas. Besides being a cardiovascular workout, Surya Namaskar is also known to have an immensely positive impact on the body and mind. Below is a link to the recording of the Republic Day Celebration, that includes the performance of Surya Namaskar: <https://m.youtube.com/watch?v=GmFN1nl9Hgc>

Number of Inter-college competitions attended by your society members: 51

The members of Synergy participated in more than 50 competitions, with podium finishes in more than 20 of them. Teams were also sent as a contingent from Synergy to represent the society in other colleges like Lady Shri Ram College, Shri Ram College of Commerce, Hansraj College and more.

50+ Competitions

- 6 - 1st Positions
- 7 - 2nd Positions
- 8 - 3rd Positions

Number of seminars organized by the society in the year: 3

Number of fests organized by the society in the year: 1

Brief Write up of the Seminars/Workshops

Seminar on Business Branding and Innovation was organized with Rahul Basak being the speaker of the session. The event was conducted to provide important insights on How to do branding for your business. Another session was taken by Mr. Shantanu Garg where he explained about leadership along with real life examples. Mind Over Matter was another important webinar to destigmatize mental health concerns among the youth

Brief Write up of the Fest organized

Synergy organized the 3rd edition of Vincenza where we conducted multiple competitions related to Finance, Marketing and Strategy. The event was conducted in the offline mode in the college premises. We received participation of more than 1500 students from across Delhi University and IIMs. The events secured a total cash sponsorship of more than Rs.50000 with CenturyPly being our title sponsor.

Other Initiatives

Synopsis:

The corporate world is moving fast and to keep the students updated about the emerging growth industries, we launched Synopsis, a bi-weekly series on Instagram and LinkedIn in which we created creative content and infographics to breakdown all the information about the new industries which can be the next big thing in the world. The series led to infusion of curiousness about the future growing industries among the students.

CSR initiative with Mind Over Matter:

Synergy, SSCBS collaborated with Mind Over Matter to establish a Peer Support Chapter at the University, which would help the University destigmatize mental health issues and normalize reaching out for support

amongst its young adult student community. Herein, the members of Synergy as well as other interested students of the college received extensive and interactive training (involving mock calls and hypothetical situations) spanning a period of one week. It acted as an extra support system for students at the college and was there for them in case of minor and day-to-day stresses thereafter.

STRATATHON (Collaboration with DTU):

collaboration with The Indian Game Theory Society, Delhi Technological University, Synergy had organized an event, Stratathon. The event involving rigorous rounds of strategic thinking was designed to test the participants' prompt decision making and analytical skills. Through a collaboration with Delhi Technological University, an esteemed engineering college, Synergy justified its name and marked its presence among the engineering students. This helped the society in creating a liaison with a society of another college as well and Synergy hopes to continue doing so.

Inter-college competitions attended by the society members:

Most team-based educational competitions require students to take on challenging tasks that require good communication, collaboration, and teamwork. They can learn to manage subjectivity in their lives. And they can learn to better gauge and evaluate risks. There are variances in how students react to competitions that also impacts how they will realize these benefits. Many will say that competitions create winners and losers, where the losers are then taught that they are not good enough to perform in academics and have their academic self-concept crushed. However, We now know how to mitigate the negative impacts of not-winning a competition and highlight the participation.

Number of Seminars organized by the society: 4

Conducted Photo Walk and KSS for the Organizing Committee Members to give them a broad spectrum to learn and explore their creative side. Photography has the power to inspire many people through different themes and could lead to a change for the better. It's also a visual learning tool that helps people to communicate without words. The Darkroom provides its members an opportunity to learn marketing skills like Graphic designing, Video Editing, Motion Graphics, Content Writing, Photography, etc. And for that we provided industry level knowledge through sessions and hands on the project to students to have real experience and learning.

Number of Fests organized by the society: 1

The Darkroom conducted its annual flagship event, Cynosure, which featured two competitions: Photography Revolution, and Design Revolution. It requires the participants to be constantly aware of their surroundings and take decent photographs by flourishing out the creativity and showing the things to the world through their eyes. It challenges the participants to think over the provided theme, explore the environment and then interpret it creatively through a photograph with minimal to zero editing. As for the graphic designing competition, the participants get a chance to stand out from the rest with their innovative creations. The event gave the organizing students of the society valuable corporate and event management experience. It presented an opportunity to the organizers to network with the participants as well as a diverse range of societies from other colleges as well. It turned out to be a great learning experience and allowed them to get a good look and feel of maintaining a chain of command and handling multiple tasks in a short period of time.

Other Initiatives:

- The Darkroom covered college events and societies events such as Shaheed Diwas, Convergence, Farewell, Fourth Wall Productions, Kriti, LitSoc, QSA, Kartavya, Alumni Meet (AROC), GirlUp to keep them in memories.
- Collaborated with The Literary Society of SSCBS to prepare the **annual college magazine** of SSCBS.
- Presented an exhibition under very limited time for the **NAAC Visit**.
- Prepared a full video of **Life at SSCBS** during **NAAC Visit**.
- Prepared the online orientation video for the first year students to get a virtual view of the college.
- Collaborated with Fourth Wall Production to prepare a short movie on **Evolution Of Indian Cinemas** for **100 years celebration of University Of Delhi. (ICSSR seminar)**

Other initiatives:

1. Magazine: Quadrangle '21

We published and distributed the annual college magazine and yearbook: *Quadrangle '21*. The magazine showcases the literary works of our college students and their various accomplishments and features the students, faculty members, and societies in the yearbook.

We've also planned and executed the society, class, and faculty photographs whilst collaborating with *Darkroom* for publishing the same in the subsequent magazine.

2. Blog

The blog (www.litsocsscbs.com) showcases the literary works, reviews, articles, opinion pieces, and editorials of 50+ aspiring writers, poets, and dramatists from colleges across the country. We provide a platform for students across colleges and schools to express their opinions and share their knowledge with the rest of the world.

3. Social Media Outreach

Our social media presence spans *Instagram, Facebook, and LinkedIn*, and we've recently opened a *Twitter* account and are working actively to increase its presence. We have gained over **1100+** followers on Instagram, with an average of **8451** monthly accounts reached. Our LinkedIn page has a follower base of **120+** students and professionals. We recently created a Twitter account to build a community of literary enthusiasts, and creatives and have engaged with notable authors like *Manu S.Pillai* and *Chitra Divakaruni* (author of *The Palace of Illusions*).

4. Live Project with ScriveTribe

We conducted a live project with ScriveTribe, a literary community platform, where we created content for their website, brochure, and virtual magazine, and authored SEO-optimized articles for their blog.

Verve organized the 14th edition of **Manthan- India's Largest International Street Theatre Festival** in April 2022. It is a month-long not-for-profit annual street theatre event which aims at sensitizing the masses on various social issues. It has a vision of widespread change in the world through the medium of street theatre. More than 2000 artists performed PAN India and across different countries with the aim of raising public awareness. In the previous editions we have had artists performing in 10+ countries.

Under Manthan, we also organized Manthan Mahotsav, where 600 artists from 25+ teams performed at 10 different public locations across Delhi on the same day, i.e., 16 April 2022. We organize NKA- Nukkad Ki Aawaazein under Manthan, which is our initiative to digitize the street play choruses of Delhi Collegiate Theatre Circuit. Here, we give a chance to theatre groups to professionally record and upload their original and self-composed songs. These recordings are done in a studio and later uploaded to the NKA app and YouTube, providing exposure as well as wide coverage. It has a viewership of over 45,000. Nukkad ki Aawaazein 2022 is scheduled to be released in the first week of June 2022.

- **Case Competition:** This case study competition was organized where the participants were given a problem statement of a crypto startup - Flint.
- **Flip Tank:** Flip Tank was a one-of-its-kind competition wherein the participants got to experience the back scenes of Shark Tank as they became the sharks themselves.
- **Ideathon:** Under the competition, participants were given various problem statements on diverse ongoing problems on which they had deliberate and presented their solutions.

Other Initiatives

INDIA ACCELERATOR - LIVE PROJECT

India Accelerator is a seed-stage accelerator program and the only Global Accelerator Network partnered, mentorship-driven, program in India. Yuva worked under four verticals (Startup Evaluation, Marketing

Strategy, IAngel Expansion, VC Expansion). Our team also worked on developing a marketing strategy for them by improving their website and increasing their social media reach.

PROJECT BELL

Yuva initiated the Project Bell Initiative under the guidance of Principal ma'am, TICs and our college alumnus - Harjas S. Gulati, currently working at Accel Partners. The objective of the project is to foster entrepreneurship in our college. We collaborated with the E-Cells of IIT Delhi, IIT Bombay & BITS Pilani. We presented our solutions to the principal ma'am in February and will now go forward with implementing the same. The name "Project Bell" is derived from the ritual of ringing the bell in NASDAQ every time a company gets listed for IPO.

NETWORKING EVENT - 100x.VC x 91Springboard x Yuva

Fireside chat session with the founder of 100X.VC, Mr. Shashank Randev along with the Co-founder of Knorish, Mr. Kinner Sachdeva was held in Gurgaon wherein students from Yuva were invited to attend this session to escalate the entrepreneurial spirits within the students. The main agenda of the fireside chat was 'on tips, insights and things to remember while having your initial fundraising round', with many startup founders present to attend the session.

Udyami'21 - National Entrepreneurship Day

Udyami'21 was an initiative by Yuva SSCBS to recognize top student-run startups from undergraduate colleges across India. Udyami provides the chance to the startups to connect with the top VC firms and helps them gain Mentorship & Incubation support. It aimed to bridge the gap between early-stage startups and the Venture Capital firms that wish to invest in the potential of young founders.
