

1. Name of the society: Enactus SSCBS

2. Information about the society in brief (3-4 lines):

Established in January 2009, Enactus at Shaheed Sukhdev College of Business Studies (SSCBS) was started as an attempt to reach out to individuals in need, based on principles of entrepreneurship and philanthropy. Following the 17 Sustainable Goals of the UN, we have successfully run 9 projects and impacted more than 7 lakh lives. With a three-fold objective of economic, social and environmental betterment, the team believes in its power to be the change the world needs. Enactus SSCBS has successfully received grants from Dell, Ford Motors, KPMG, Coca Cola etc. It won the World Cup 2017 for Project Raahat and Project Udaan. Project Pravaah has also come under Top 48 out of 174 Enactus projects across 23 countries in Race for Climate Action and Basera has come under Top 48 for both 1 Race 4 Oceans and Race to Rethink Plastic out of 174 Enactus Projects across 23 countries.

3. Summary of work done throughout the year 2021-22

Project Pravaah which was launched in 2019 is undergoing expansion. We worked on changing body of Pravaah purifier for which we made prototypes with multiple materials. We introduced new sizes of Pravaah stubble pots in 4-inch and have found partner for continuous supply of our product. Further we conducted sessions to sensitize school children about air pollution as well as inform them about small measures to control indoor pollution. We're working on inter-state and intra-state expansion of the project too.

Project Basera which was launched in 2020 has already expanded to another community based in Connaught Place. We have conducted a need assessment there and are working on empowerment of our community there. The women there currently face much lesser problems in comparison to when we started working there. The women currently are learning stitching, self defense, menstrual hygiene, microfinance management and much more.

4. Faculty In charge(s):

Dr. Anuja Mathur, Mr. Tushar Marwaha, Mr. Amit Kumar, Mr. Neeraj Kumar Sehrawat

5. Number of achievements of society:

17

6. Details of Achievements of society:

NAME OF EVENT	DATE OF THE EVENT	ORGANIZING INSTITUTION	POSITION SECURED
Enactus Pitching Competition (E.P.I.C)	2 Oct, 2021	Sardar Patel Institute of Technology	First Runner Up
Tri Pitch	10 Oct, 2021	Bannari Amman Institute of Technology	First Runner Up

(b) List of partners

The partners listed below are related to the operations of the projects.

1. **JSS Prayas Homes:** Our entrepreneurs are chosen from JSS Prayas Homes, an NGO that vocationally trains and creates employment for the underprivileged. We invest our profits in their development.
2. Organizations like **Haiyya, Help Delhi Breathe, Jhatkaa, GreenPeace and Lung Care Foundation** are extensively involved in organizing rallies, awareness drives and street plays in order to bring a behavioral change in the community. These organizations help us in developing the innovative and informative sensitization modules that we implement in our communities.
3. **Kaiterra- Air Quality Experts:** Kaiterra is an internationally reputed organization that sells air quality monitors across the world. As a part of its CSR initiative, it gives us technical guidance about the product and monitoring the air quality.
4. **Aerobiotechnique- Testing Partner:** Aerobiotechnique accredited and tested our product at a low cost, ensuring 90.5% efficiency of the purifier.
5. **Deutec:** A company with a unique low-cost stubble conversion technology that we use to produce stubble pots.
6. **Prabhaav Foundation:** An NGO directly benefiting thousands of lives through multiple welfare projects on education, healthcare, road safety, and the environment. Prabhaav Foundation acts as our production partner for the stubble pots. Additionally, they'll also assist in selling the stubble pots under one of their initiatives.
7. **Air Veda:** An air quality monitoring application that provides easy access to real-time data. Air Veda assists us in keeping track of the efficiency of our purifier.
8. **Delhi Urban Shelter Improvement Board (Regulatory Partner):** This government organization supervises homeless shelters in Delhi and we partnered with them to get access to work in homeless shelters in Delhi.
9. **Jayana Packaging (Knowledge Partner):** This startup makes a different range of products from corrugated cardboard and we partnered with them to understand the technical know-how to make cardboard furniture.
10. **Pure Living (Knowledge Partner):** This organization developed the method of converting PPE scrap into mattresses and other products. It has been recognized as one of UN's best practices during Covid. They transferred the technical knowledge to our team.
11. **True Smile (Training Partner):** This non-profit organization assists us in different on-ground activities such as training homeless women and in conducting collection drives.
12. **BioQ (Selling Partner) Distribution/Marketing:** BioQ is an e-commerce platform for eco-friendly products. They list our products on their website.
13. **Give me trees trust:** Give Me Trees Trust is one of the largest community based voluntary tree planting and conservation movements in India.
14. **Love care foundation:** Love Care Foundation imprints to start at the grass root level by supporting the cause being scrutinized for transparency and credibility resulting in making a huge difference for the society.
15. **Technical professional education in India:** This organisation provides vocational training for stitching at CP shelter home.

39	Om Arora	BMS 1st Year	Associate

12. Any other information:

Enactus SSCBS strived to take both of our running projects to the next level by further establishing a stronger infrastructure and better relationships with the communities we empower. Project Basera established new shelters and explored new tangible products to curb plastic waste and give sustainable incomes to our women entrepreneurs. Project Pravaah further solidified its mission to curb air pollution on the way to which it secured new orders for its revolutionary stubble pots and helped spread important information into the society.
