

## Synergy - The Corporate Society of SSCBS

Synergy aims to bridge the gap between young management students and the corporate industry, so that when the students of CBS venture into the corporate world, they are well prepared.

The USP of the society lies in two areas - comprehensiveness and creativity. Instead of focusing only on one aspect of business, the society undertakes a comprehensive approach towards the learning of a corporate entity. This comprises various activities like marketing, finance, corporate relations, human relations, and strategy formulation.
