Educational Workshop: Financial Modelling

In order to bridge the gap between theoretical and practical exposure, Synergy in collaboration with LeapUp India conducted a Certified Financial Modeling Workshop that aimed to provide all the participants a hands on opportunity to put their analytical skills to test and create Industry Relevant Financial Models.

The workshop aimed at providing extensive knowledge on the topic as Financial Modeling has become one of the most important skillsets in this dynamic corporate world and it's requirement cannot be underestimated in Industry verticals including Equity Research, Investment Banking, Private Equity, etc.

Webinar: Building better Mental Health with Dr. Raha Shadab

We collaborated with Dr. Ruha Shadab for this webinar on Building Better Mental Health In which we explored how mental health issues can be recognized and should be approached. The importance of mental well-being cannot be stressed enough when we realize that one in every four people is affected by a mental disorder. Therefore, to get educated about mental wellness, on 20th June 2020 we hosted a live session on @synergy_sscbs instagram handle with 'Dr. Ruha Shadab' and navigated the new normal

• Other Initiatives

- **New Chapter of Synergy - The Corporate Society** - Opened 1st chapter of the Corporate Society at Hansraj College to provide the members an opportunity to gain pragmatic insights into the corporate world by way of corporate collaborations ranging from industry visits to networking with officials from prestigious institutions for fostering the holistic development of an individual
- **Social engagements**
To keep people up to date about the recent event's happenings in the world of finance and investing, and to demystify technical jargon that is commonly used in the day-to-day business and corporate world, many social media campaigns were carried out which consisted of SYNchronised, a bi-weekly series on Instagram to boost your knowledge about the Financial Sphere, and Vague Wisdom, which consists of some of the mind-boggling terms that would seem to be made-up but hold their relevance in common parlance in the world of finance.
