

Event Report 180DC SSCBS - Networking Mixer with JMC and KMC

Date: 28th February, 2025 Time: 10:00 a.m.

Event Overview:

In a bid to foster deeper inter-chapter connections and cultivate a collaborative spirit among future consultants, 180 Degrees Consulting SSCBS hosted an engaging Networking Mixer in partnership with the JMC and KMC chapters. The event brought together like-minded individuals from across Delhi University, unified by their passion for problem-solving and social impact consulting.

The mixer was designed to promote meaningful dialogue, encourage peer learning, and build rapport across the three chapters through curated activities and informal exchanges.

Session Highlights:

1. Consulting Challenge:

Participants were grouped into cross-college teams and presented with mini games and challenges to test their real-time problem-solving, teamwork, and presentation skills. The energy in the room was palpable, as diverse perspectives led to innovative solutions.

2. Networking Bingo:

A fun yet structured icebreaker that nudged attendees to step out of their comfort zones and strike up conversations. Laughter, handshakes, and rapid-fire intros echoed across the hall as consultants checked off quirky prompts and discovered commonalities.

3. Open House Interactions:

The latter part of the evening was reserved for open networking. Consultants shared experiences, discussed ongoing projects, and explored potential avenues for collaboration.

Atmosphere and Engagement:

The event witnessed enthusiastic participation from all three chapters, creating an atmosphere buzzing with energy, curiosity, and camaraderie. It was heartening to witness new friendships take root and professional connections blossom in a short span of time.

Conclusion:

The mixer served as a powerful reminder of the value of cross-pollination of ideas and the strength of the 180DC network. As one of the first such in-person inter-chapter events of the season, it laid a strong foundation for future collaboration and co-learning.

Acknowledgments:

180DC SSCBS extends its heartfelt gratitude to 180DC JMC and 180DC KMC for their active participation, and to all members who contributed to making the event a success. We look forward to building on this momentum with more such initiatives in the future.
