

NSS EVENT REPORT

UDYAM 3.0

Event Report: UDYAM 3.0 - Socio-Tech B-Plan Competition

Organized by: NSS SSCBS

Date: 23rd September 2024

Time: 10:00 AM to 4:00 PM

Venue: Seminar Hall, 7th Floor, SSCBS Campus

On 23rd September 2024, NSS SSCBS organized UDYAM 3.0, its flagship socio-tech business plan competition that brought together innovation and impact. With over 25 participating teams, the event challenged students to propose technology-driven solutions to pressing social issues, blending entrepreneurial thinking with real-world problem-solving.

The final round was held offline at the SSCBS Seminar Hall, where shortlisted teams presented their ideas before a panel of judges. Each team was evaluated on creativity, feasibility, and potential for social change. NSS volunteers efficiently handled coordination, logistics, and stage support, ensuring the event ran smoothly.

UDYAM 3.0 successfully continued NSS SSCBS's mission of empowering youth to think beyond profit and toward purpose. The competition sparked meaningful dialogue around sustainability, inclusion, and innovation-leaving participants inspired to turn ideas into action.
