

BASERA CLOSING VISIT

Initiative: Project Basera – Closing Visit

Mode: Offline

Date: 2 February 2025

Location: Basera, CP (Connaught Place)

Number of Participants: 150 – 200

Enactus SSCBS organized a heartfelt closing visit to mark the **sustaining of Project Basera**, celebrating its journey and impact with the community.

The visit primarily focused on engaging children through a series of **joyful and creative activities, including dancing sessions, painting corners, storytelling circles, and fun games**. These interactive segments brought smiles, excitement, and an atmosphere of celebration to the shelter. The day ended on a sweet note with chocolate distribution for all the children, making it even more memorable.

This visit symbolized a successful transition of the Basera towards **self-sufficiency**, while cherishing the bonds built over time.
