

BLITZ-SSCBS

Blitz, is the western dance society of SSCBS. It strives to give a platform to all the passionate dancers in the college to showcase their talent and helps them to develop and grow in the understanding of the art. We have reached new heights this year by reaching the final round. We promote dance as an art form and give chance to our members to grow as dancers and show their talent on national level. We recruit a choreographer in the beginning of the academic year and he trains us and prepares our 8-minute production.

Blitz acts as a platform for the students at the college level to pursue their interest in dance and gives them the opportunity to showcase their talent to the outside world.

Every year, we prepare a production of 8-10 minutes production choreographed by well known choreographers in the industry. Following this comes the most exciting part of the year, the DU fests. We participate and compete in Western Group Dance competition all over Delhi NCR over a period of 3 months against other University dance societies.

Upcoming society activities planned

To continue this, Blitz will undertake the following activities in the upcoming session:

1. **Choreographers**

- Every year we hire a choreographer and the training we do practices for our annual production. This time we hired Shubham sir as our choreographer. We'll be conducting workshops from the choreographers simultaneously for the OC's.

2. **Active Participation**

We will be attending various dance workshops and will be participating in various dance competitions held in other colleges.

How our society is unique and different from any other society?

BLITZ is the only dance society of SSCBS and that makes us unique in itself. We are a place for dancers and an escape for those dancers from the stress of their academic world. We represent SSCBS in various colleges and win those inter-college competitions to set our name as BLITZ- the western dance society of SSCBS. Our society consists of those people who love dance, can dance and make the things happen. Dance overcomes stress, builds confidence, and showcases our hidden talent. Dance is filled with aesthetic values making it distinct from one society to another. It is a tool of cultural expression to convey a lot about society to the observers. The versatility of dance makes it almost impossible to be pinned down.

Blitz is about dancing and welcomes people who express themselves through their movements and not only words. A dancer portrays his feelings through his dance, and Blitz is a place for such people. A sense of community is found within our society that helps us relax and express ourselves freely. Our team is our best support group. We as teammates bring out the best in each other, and teamwork is the mantra of our society. More than that, our society develops various skills in an individual through dancing, like time management, discipline and how to take constructive criticisms. These skills not only help us in our real-world challenges, but they also prepare us for the competitions and set our name out there as Blitz- the dancing society of SSCBS. Establishment of an art with its artists in the form of a society to bring out the best in us and strive for better makes us different.
