Lawrence, in collaboration with the Alumni Relations Outreach Cell (AROC), successfully organized an insightful speaker session on <i>Introduction to Public Policy</i> on 1st April 2025 at Shaheed Sukhdev College of Business Studies. The session featured Garima Goel, a seasoned public policy professional and Analyst at the Tony Blair Institute for Global Change, who has also worked with Sattva Consulting. The session explored how public policy acts as a powerful tool for societal transformation. Garima ma'am shared her experiences and shed light on the practical implications of policy-making in both local and global contexts. The talk provided students with a deeper understanding of the field and encouraged them to consider its impact on governance and development. It was a valuable experience for all attendees, combining academic learning with real-world insights.	Jurisprudence: Policy Maker's Dilemma was successfully organized by <i>The Lawrence: The Law Forum of SSCBS</i> as part of <i>Crescendo 2025</i> . The event challenged participants to step into the shoes of policymakers, regulators and legal strategists as they tackled intricate issues related to education laws, governance and public policy. Designed to test legal insight, policy foresight, and strategic planning, the competition offered a unique blend of learning and innovation. The event was open to all undergraduate and postgraduate students, with teams comprising 1 to 3 members, including cross-college and cross-year participation. Strict adherence to rules was maintained, emphasizing fair play and punctuality. All rounds were conducted as per the communicated guidelines, with

7. Other Initiatives

Group Discussions and Skill Development Initiatives

We engage the team through various **Knowledge Sharing Sessions (KSS)** and research-driven tasks. These initiatives aim to foster critical thinking and build essential skills such as research, communication, content writing, finance and graphic designing.

As part of our commitment to experiential learning, the team has also worked on detailed research reports, including in-depth analyses of the **Satyam Scandal Case** and the **Volkswagen Tax Dispute**.

Together, these activities contribute significantly to the personal and professional growth of our members, equipping them with the tools to navigate and contribute meaningfully to the legal and policy ecosystem.
