

## Session at Govt Boys Senior Secondary School, Shalimar Bagh

**Mode:** Offline

**Date:** 14 February 2025

**Location:** Govt Boys Senior Secondary School, Shalimar Bagh

**Number of Participants:** 50

In an effort to promote sustainable habits and reduce paper waste, Enactus SSCBS recently organized an awareness session at Government Boys Senior Secondary School, Shalimar Bagh. The session attracted active participation from over 50 students, highlighting the growing interest and concern among the youth for environmental issues.

Recognizing that schools contribute significantly to paper consumption, our team aimed to initiate conversations around the importance of mindful usage and responsible disposal of paper. The session was designed to be interactive and engaging, making complex environmental issues accessible to young minds.

One of the highlights of the event was a thought-provoking skit, performed by our volunteers, which creatively conveyed the harmful impacts of paper waste and simple steps to minimize it. To reinforce the message and keep the energy high, we also hosted a quiz activity with small rewards for participants, encouraging healthy competition and better retention of ideas.

Through initiatives like these, Enactus SSCBS continues to nurture environmental stewardship and empower students to be agents of change in their communities.
