

# FourthWallProductions

## Theatre Immersion Workshops

**Date & Time:** 14th – 22nd October 2024 (7 sessions over two weeks)

**Venue:** SSCBS Campus – Indoor rehearsal spaces

**Organized By:** Fourth Wall Productions, SSCBS

**Number of Participants/Students:** 40+

### Objective of the Event:

The Theatre Immersion Workshops aimed to provide first-year and continuing members with a sustained, hands-on learning experience in theatre. The program sought to build confidence, develop performance techniques, and foster teamwork through intensive practice sessions.

### Brief Summary:

*The month-long Theatre Immersion Workshops by Fourth Wall Productions created a structured journey into theatre for new members while refining the skills of existing ones. Conducted across multiple sessions, the workshops were split into **two levels**:*

- **Beginner sessions** introduced acting fundamentals, stage presence, voice modulation, and collaborative performance.
- **Intermediate sessions** explored physical theatre, movement-based storytelling, and ensemble dynamics.

*The program culminated with participants devising and performing **nine original short pieces**, showcasing their creative growth and understanding of theatrical expression.*

*In addition, a special **2-day advanced workshop** was conducted exclusively for second-year members. Led by seniors, it focused on character development, scene work, and voice techniques, preparing them for designing and managing full-length annual productions.*

### Key Outcomes / Learnings:

- Students developed strong foundations in acting, improvisation, voice, and movement.
- Participants gained exposure to ensemble work and devised theatre.
- First-years overcame stage fright and built confidence in performance.
- The advanced workshop strengthened second-years' skills in direction, character work, and scene design.

- The workshops fostered **peer-to-peer learning**, community building, and leadership development within the society.
- The devised short plays became a showcase of creativity and collaboration, leaving participants with a sense of ownership and accomplishment.
