

## EVENT REPORT – IFSA TALKS

### IFSA Network India

IFSA Talks is our annual event where great minds share their knowledge with today's youth. Notable past speakers include C-Suite leaders from Invest India and high-ranking executives from the International Monetary Fund. This event provides valuable knowledge, inspiration, and networking opportunities to our college students, empowering them to shape their own futures and create a positive impact in the world.

I

FSA Network India conducted its yearly flagship event “IFSA Talks” on 21st August 2025 with **Mr. Himanshu Pahuja, Global Head at S&P Global**, as the esteemed speaker. Mr. Pahuja brings with him years of global leadership experience in investment analytics and financial innovation. His deep expertise and forward-looking perspectives on the finance industry inspired students and shed light on the evolving intersection of technology and finance.

During the session, Mr. Pahuja shared his thoughts on “*The Future of Investment Analytics: AI, Automation and Innovation.*” He explored how AI is sharpening decision-making, how automation is driving efficiency at scale, and how continuous innovation is transforming traditional financial practices.

Emphasizing the need for financial professionals to pair domain expertise with technological fluency, he highlighted how future-ready skills will be key in shaping tomorrow's global markets. The session was highly interactive, giving students the opportunity to engage with Mr. Pahuja on both the technical and strategic aspects of finance. For many, it offered a rare glimpse into how industry leaders are preparing for a future where data, innovation, and finance converge seamlessly.
