ABOUT ECOVISION

Founded in 2011, Ecovision is the official Economics Society of Shaheed Sukhdev College of Business Studies, committed to promoting economic awareness and fostering intellectual curiosity beyond the boundaries of the classroom. We believe that economics is not confined to textbooks; rather, it shapes everyday decisions, businesses, public policies, and global developments. Through our initiatives, we strive to make economics engaging, accessible, and relevant for students from diverse academic backgrounds.

As a student-led society, it provides a platform for individuals passionate about economics, public policy, and research to explore contemporary issues and develop analytical thinking. Through speaker sessions, panel discussions, research initiatives, competitions, workshops, and publications, we encourage members to connect economic theory with real-world applications while enhancing their critical reasoning and problem-solving skills.

A cornerstone of our journey is our flagship annual event, which brings together participants from various institutions to engage in intellectually stimulating competitions and discussions. The event serves as a platform for students to showcase their analytical abilities, exchange ideas, and gain exposure to pressing economic and policy challenges.

Our Vision

Ecovision envisions creating a community of informed, analytical, and socially conscious individuals who can apply economic thinking to understand and address real-world challenges. Our mission is to bridge the gap between academic learning and practical application through engaging events, insightful discussions, research-driven initiatives, and experiential learning opportunities. By fostering curiosity, critical thinking, and informed dialogue, we aim to empower students with the knowledge and skills required to thrive in an increasingly dynamic and interconnected world.

EVENTS AND INITIATIVES

Freshers' Mockstock

The Freshers' Mock Stock introduced students to the world of investing through a hands-on market simulation.

Participants evaluated opportunities, built portfolios, and experienced the challenges of making financial decisions in a dynamic market environment, developing a practical understanding of stock markets and investment strategies.

Freshers' Simulation

Freshers' Simulation provided students with a platform to develop strategic thinking & problem solving abilities

Through real-time challenges and decision-making scenarios, participants worked under dynamic conditions, enhancing their analytical skills, teamwork, and ability to make informed decisions in competitive environments.

EVENTS AND INITIATIVES

ELUMIERE'26

The Annual Economics Conclave

1500+

Participants

₹1,00,000+

Prize Pool

3

National Event

100+

Unique Colleges

30+

Collaborations

The conclave witnessed enthusiastic participation from students across various institutions, creating a highly engaging and competitive atmosphere. The event was smoothly conducted in an offline format, bringing together participants for an immersive and interactive experience beyond virtual settings.

The conclave featured a distinguished panel of judges for Enigma, including Mr. Dipender Bhamrah, CEO of LEXI Platform, and Ms. Shivani Sharma Singh, an IIM Calcutta alumna and Director at Sahana System Ltd., who brought strong industry expertise to the evaluation process. They actively engaged with participants, assessed case presentations, and provided valuable feedback and insights, enhancing the overall learning experience while also felicitating the winners across competitions.

EVENTS AND INITIATIVES

FLAGSHIP EVENTS

Enigma – Case Study Competition

Participants analyzed real-world business problems and presented strategic solutions to judges after qualifying through a multi-stage process.

Vaults & Valuations – Mockstock

A finance-based simulation where teams allocated assets, participated in bidding and trading rounds, and built high-value portfolios.

Mastermind Matrix – Simulation Challenge

A high-pressure strategic simulation where participants managed resources, made critical decisions, and competed in an intense final scenario.

RAJAT ARORA SPEAKER SESSION

The speaker session by Rajat Arora at Elumiere'26 saw participation from 500+ students and created an engaging and interactive atmosphere. His practical approach and relatable examples kept the audience actively involved throughout.

He shared insights on decision-making, real-world applications, and personal growth, encouraging students to think beyond academics. The session ended on a motivating note, leaving participants inspired and enriched with valuable learnings.

EVENTS AND INITIATIVES

Global Education Opportunities

In collaboration with FATEH Education, Ecovision conducted a session on higher education opportunities abroad. Students gained insights into international universities, scholarships, application processes, and global career pathways.

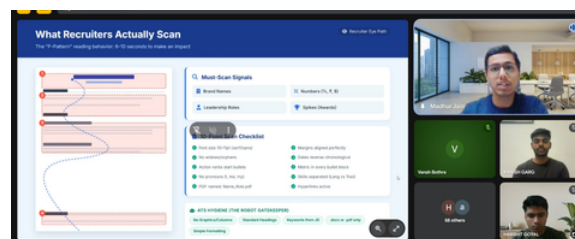

Global Economy & Emerging Risks

Ecovision hosted Mr. Subhashis Nath, Founder & CEO of the Global Risk Management Institute, for an insightful discussion on the global economy. The session explored emerging risks, geopolitical developments, and the impact of digital transformation on markets and policymaking.

Resume Building Workshop

Conducted virtually by Madhu Jain, Ex-IITian, CFA Level II candidate, and LinkedIn Top Voice, this workshop equipped students with practical strategies for building impactful resumes and strengthening their professional profiles for future opportunities.

BUILDING THE CULTURE

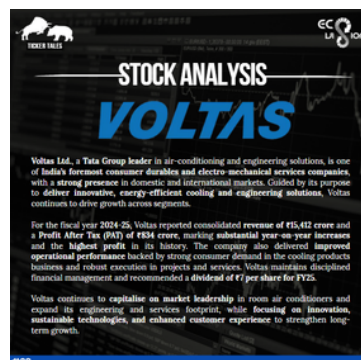

DEMYSTIFY

Demystify, our fortnightly series which breaks down and explains current economic and financial phenomena, has an active subscriber base of **1700+ People**. Over the last year, Ecovision has come a long way, covering scintillating **topics over 20 posts** of this year alone, amounting to a total of **450+ posts**.

From **MBA students to corporate employees**, everyone receives concise infographics every second Tuesday via **WhatsApp, LinkedIn, Facebook and Instagram**. This increases the college's visibility on social media, ensures continuous activity and knowledge-building and transcends physical barriers to disperse economic literacy.

TICKER TALES

Ticker Tales, Ecovision's flagship equity research series, has delivered **30+ editions, covering 25+ companies** across **diverse sectors** and generating **4000+ impressions** across digital platforms. Through detailed breakdowns of financial statements, ratio analysis, and industry outlooks, the series transforms complex data into sharp, accessible insights. With consistent engagement and expanding reach, Ticker Tales has played a key role in building financial acumen and cultivating an investment oriented mindset within the student community.

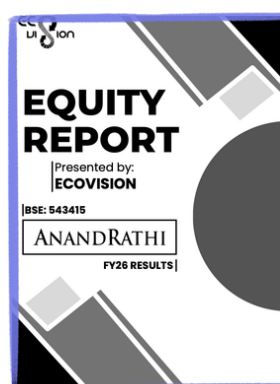

BUILDING THE CULTURE

EQUITY RESEARCH REPORTS

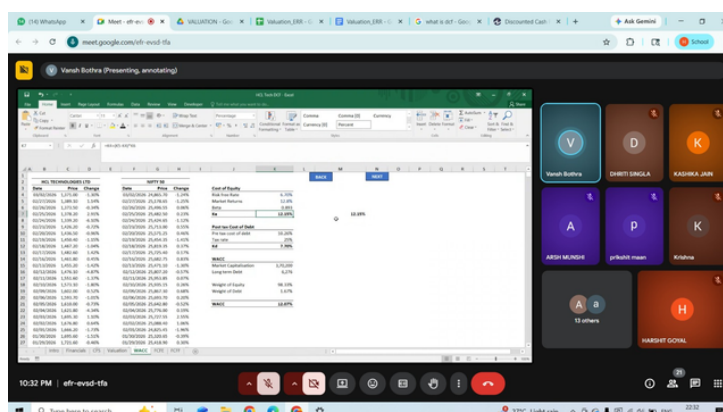

At EcoVision, we strive to cultivate a strong research-driven culture

This year, EcoVision published Equity Research Reports on Anand Rathi Wealth Ltd., Nestlé India Ltd., and UltraTech Cement Ltd. Through these reports, members gained practical experience in company analysis, financial research, and valuation while strengthening their analytical and report-writing skills. The initiative reflects EcoVision's commitment to fostering a culture of research, learning, and financial excellence.

KNOWLEDGE SHARING SESSIONS

At EcoVision, we conduct a series of Knowledge Sharing Sessions (KSS), comprising **10+ interactive sessions** on topics such as **corporate finance, fundamental analysis, Advance Excel, Canva, LinkedIn, case competitions, etc.** Designed to bridge the gap between theory and practical application, these sessions equip participants with essential analytical and technical skills. Through consistent engagement, the initiative fosters a collaborative learning environment and contributes to building strong financial and business acumen within the SSCBS community.
