DAY 1 REPORT - UTTEJANA FOUNDATION X GIRL UP RUHI

Date: 8th February 2026

Time: 9:30 AM to 2:30 PM

Venue: Kirti Nagar (Railway Station Old, Railway Station New, Mandir Area)

Organized by: Uttejana Foundation x Girl Up Ruhi

Number of Participants: 19

The first day of working on the ground for the live project with Uttejana was a significant start to a very exciting experience for everyone participating in the internship program. All of us felt the excitement of finally getting down to practical fieldwork, meeting people from different walks of life, and having an experience away from everything virtual.

One of the important events of the day was meeting with the founder of the organization, Mr. Anurag Sehgal. The personal meet after meeting him through several video calls enabled us to form a strong connection with the vision of the organization.

As for the activities of the day, it was mostly about dividing ourselves according to our fieldwork locations. We were segregated into different groups and made to work in three main places, i.e., Old Railway Station, New Railway Station, and Mandir Area, where we will be going for the whole project every Sunday.

After the assignment of places, the interns then headed to the particular areas that were allocated to them and interacted with the kids in the area. Interns were provided with few numbers of pupils, which would enable them to communicate and interact effectively.

The internship program started with lessons in basic subjects. For math, interns taught pupils on the fundamentals like addition, subtraction, multiplication, and division to enable them to grasp the basics of math. At the same time, they were taught the importance of English in reading comprehension.

Overall, the first day was both productive and impactful, laying a strong foundation for the work ahead while fostering connection, responsibility, and a sense of purpose among the interns
