DAY 5 REPORT - UTTEJANA FOUNDATION X GIRL UP RUHI

Date: 5th April 2026

Time: 09:30 AM to 02:30 PM

Venue: Kirti Nagar (Railway station old, Railway station new, Mandir area)

Organized by: Uttejana Foundation x Girl Up Ruhi

Number of Participants: 15

The **fifth** day began with a structured learning session where students were taught using mathematics and English worksheets. These worksheets were designed in a simple, clear, and easy-to-follow manner, which helped reduce hesitation among the children and made them more comfortable with the tasks. The format allowed students to approach questions step by step, improving their understanding of basic concepts while also encouraging independent thinking. Many students attempted to solve questions on their own before asking for help, which contributed to building their confidence and problem-solving ability. The worksheets also helped in maintaining a steady flow of learning, ensuring that each student could progress at their own pace without feeling pressured

To further enhance engagement, interactive games were introduced during the session. These activities helped break the monotony of continuous learning and kept the students energetic and interested. At the same time, they promoted teamwork, communication, and quick thinking, making the session both educational and enjoyable.

Following the classroom activities, interns from various colleges associated with Uttejena gathered at a nearby park. This provided a space for open discussion and reflection, where interns shared their experiences, challenges, and learnings from the internship. These conversations highlighted different approaches used across teams and helped identify areas where the outreach process could be improved. Suggestions between teams were discussed as ways to make future outreach cycles more effective.

As the internship period was nearing completion for several participants, a recognition ceremony was also held. Interns who had completed their tenure were awarded medals and certificates of completion as a mark of their contribution and dedication. Letters of Recommendation were also distributed, recognizing their work and overall performance during the program.

The day concluded with a creative session where reels were recorded to capture moments from the internship. It helped showcase the overall impact of the outreach program in a more engaging and relatable format. Additionally, these reels can be used for future outreach, helping in increasing visibility, attracting more volunteers, and presenting the initiative in a more appealing and accessible way.

Overall, Day 5 was productive and well-rounded, combining structured learning, interactive engagement, reflection, and recognition, while also generating meaningful insights to strengthen future outreach efforts.

Thank You
